HIGHLANDER

Sandy,

Words cannot describe what you have meant to me at my worst and darkest hour. You are the only friend I have ever needed in this life. You have been my mentor, my soul mate, my sister and my brother all rolled into one. You have been so special to me; so much more than a friend. I will never forget you. You are my strength when I am weak. You are the voice of reason when I act crazy. You are the one person who knows exactly how I feel about everything and accepts me anyway. I love you for that, but if you gotta go, you gotta go. I will never forget you. I will always remember you. Rest in peace, my friend. I hope we meet again some day, but if not, I will see you on the other side.

"Farewell dear friend". I love you dearly —

Your ever loyal student,

René Clifford

STUDENT LIFE

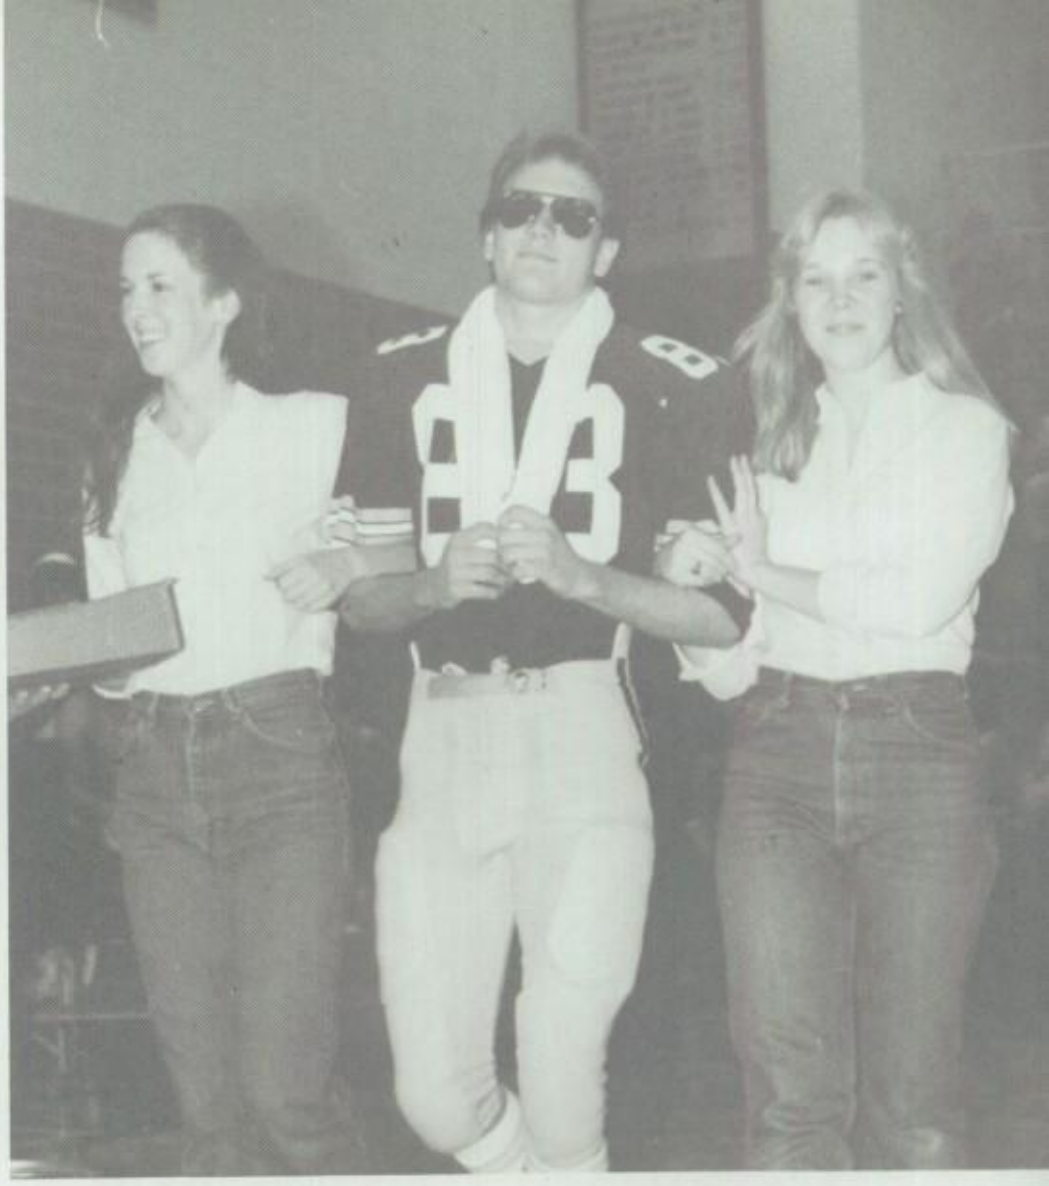
SPIRIT WEEK

Twinkle toes Cooper.



"I know I'm cool."

"He's going to regret that."

The party's over Chuck.

"Ooh . . . Jack."

Spirit was very successful this year with a great number of students participating enthusiastically. The sophomores exhibited a great deal of spirit coming to school in a variety of wild and crazy costumes.

Lunch room activities were also fun and many students participated. There were such crazy contests as rootbeer chugging, toliet paper mummy wrapping, blind fold dress up, and pie eating. Bonnie Metry proved herself to be the undisputed pigging down champ inhaling three bananas in less than a minute. The seniors ruled the lunch room activities and built an impressive float which took first place.

Juniors took first place for the talent and ingenuity they exhibited in their class skit.

Seniors were the undisputed overall winners of spirit week. It had to be one of the most spirited and exhuberant spirit weeks of Adams history.

"This is Todd Robinson LIVE from Adams High."

"Come on . . . they're staring at us."

Obviously . . . the sophomore skit.

"Hey, slow down guys."

No, I don't wanna share.

This years Homecoming was a great success. Spirit Week built up excitement for the Friday night game and parade. The traditional float parade was again at halftime. The winners this year were the Senior class float and the Thespian float. In keeping with the Nursery Rhymes theme, the winning Senior Float featured Humpty Dumpty, winning fifty dollars for their efforts. Second and third place were taken by the Sophomores And Juniors, respectively. The Thespians had a large, colorful float with "Four and Twenty Falcons Baked in a Pie." They received thirty dollars for the club treasury. Next were the Spanish Club, Marching Band and the French Club.

The Homecoming court was also presented at halftime. Our Queen this year was Linda Konoval, escorted by King Jamey Heim. Members of the Senior Court were Anne Becker, Bob Hemenger, Laurie Wirsing, and Mark Oliver. Diane Kaiser, Doug Cleland, Amy Madden and Paul Kastran represented the Junior Court. The Sophomores elected Micki Torrie, Don Cameron, Wendy Schroder and Mike Bishop to their court.

Even though the Highlanders made an excellent start against Groves, Adams lost 22-16. Better luck next year, Boys!!

The Saturday night dance was an evening no one will ever forget. This years theme was A Night On Broadway. On the Cafeteria wall over the D.J. there was a beautiful mural of the New York skyline. Hanging from the walls and ceiling were brown and gold balloons, silver stars, star pillows and streamers.

The game, parade and dance provided an excellent culmination to Homecoming week.

Her Majesty, Queen Linda

ASSEMBLIES

This year Adams had many assemblies. The first was the traditional Homecoming assembly, which was extremely successful. In addition to the Sports assemblies and the class meetings, there was the Pepsi Challenge assembly sponsored by the Pepsi Cola Company. This assembly encouraged students to find a goal and work towards it.

Students showed proper behavior at all the assemblies this year, which may mean more assembly priviledges in the future.

Mr. Binder addresses the students.

Adams has SPIRIT!!

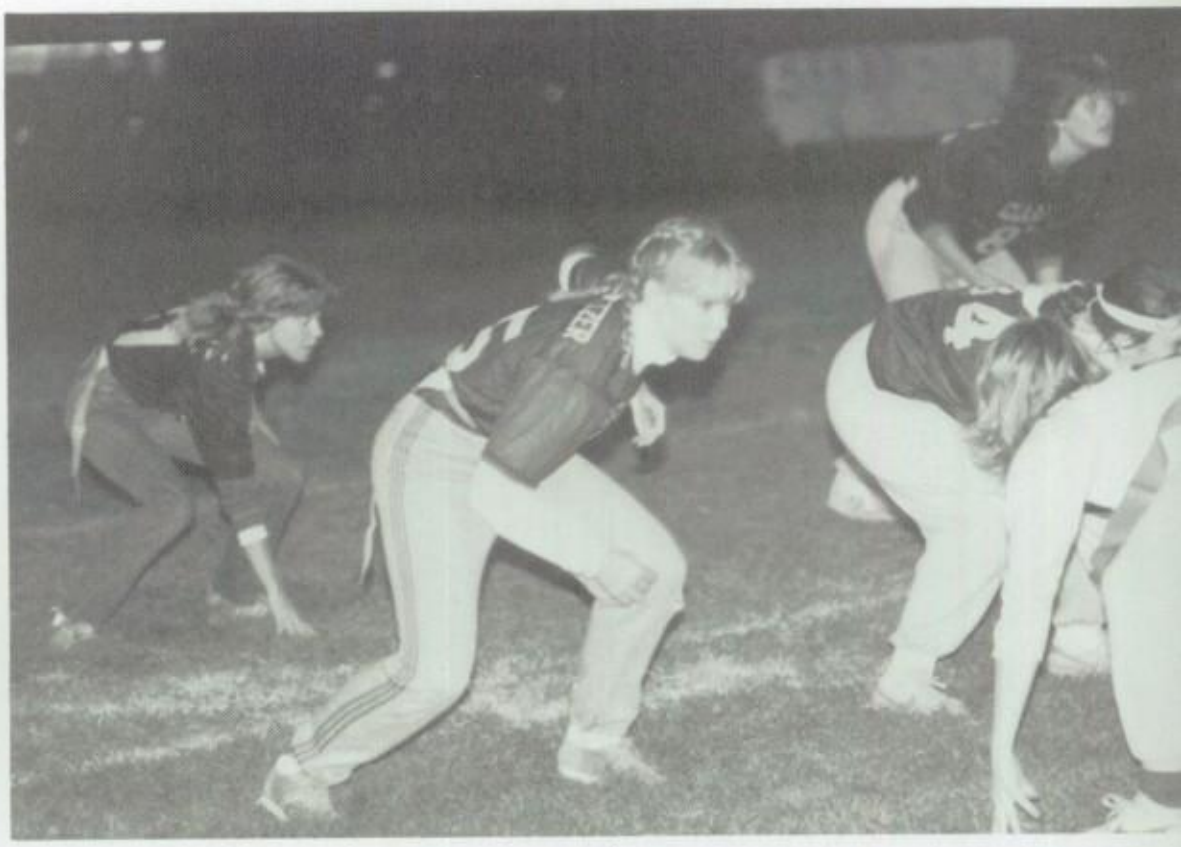
DANCES

Adams High has always displayed much enthusiasm when it comes to dances, and this year was no exception. Students had more dances to attend than ever before. Whether it was punk, rock, or funk, everyone had something to dance too! Everybody always seemed to be enjoying themselves and had a great time.

Jennifer and Robin have a laugh.

We're COOL!

B.G. BOWL



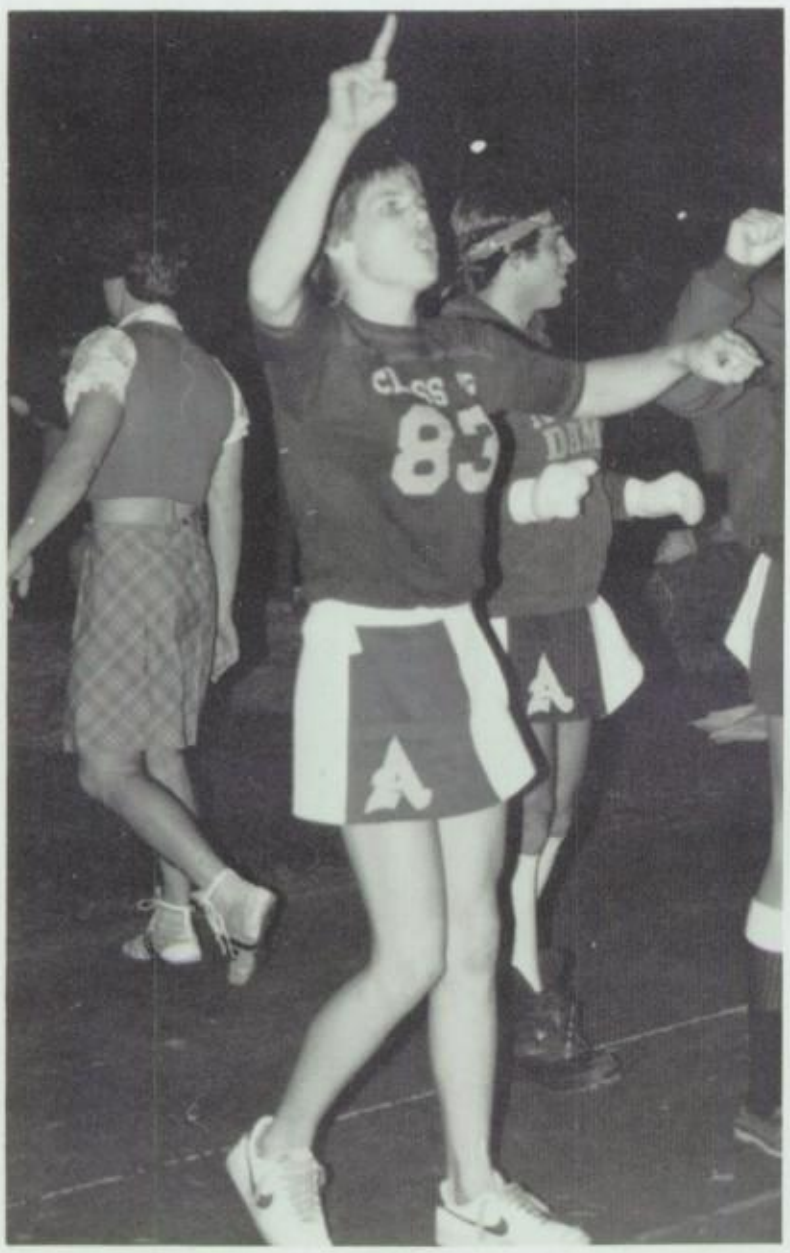
"Hit me with your best shot"

"Aren't we cute?"

Go for it, Carol!!

We are Family.

The Junior Squad.



SENIORS!! SENIORS!!!

This years B.G. Bowl was not one to be forgotten! The senior and junior girls practiced for weeks before the game in order to condition themselves for the big event.

The night of the game finally arrived and the crowed shuffled in — the largest crowed ever to come to a B.G. Bowl game. There was a lot of tension in the air as both teams did some last minute limbering up. Meanwhile the cheerleaders were busy warming up.

Finally everyone was ready, and the game began — the cheerleaders cheered, the crowd roared and the band played.

By the 3rd quarter, the score was still 0-0. It wasn't long before senior Diane Klein scored a touchdown and it looked like the game was over with the seniors as victors. But during the last 18 seconds junior Kim Gural scored a touchdown making the score a 6-6 tie. Overtime was denied and so the score remained.

Something isn't right here!

C'mon do you really think it'll work!?

We're good guys.

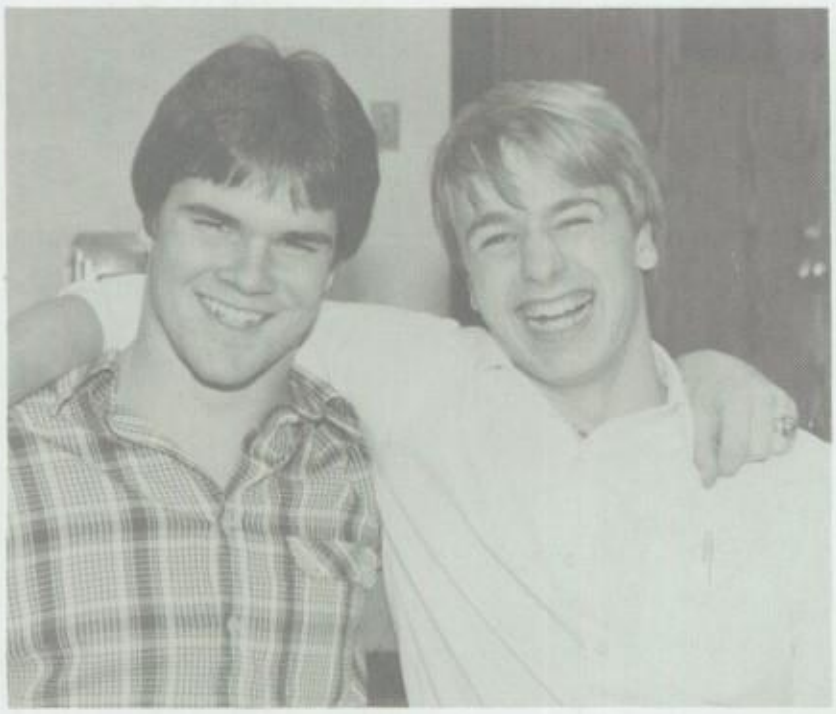
FOREIGN EXCHANGE

Foreign exchange students bring the world just a little bit closer to home.

This year, Adams was priviledged to have the prescence of two foreign exchange students. These two were: Oliver Elsner from West Germany and John Hansson from Finland.

Oliver and John are participants in a program called Youth for Understanding, which is an international student exchange program. It provided for a special opportunity combining study with adventure and cultural enrichment. The idea of the program was to give the students the first hand experience of the values and culture of another country.

We all hope that John and Oliver have gotten the most out of this program.

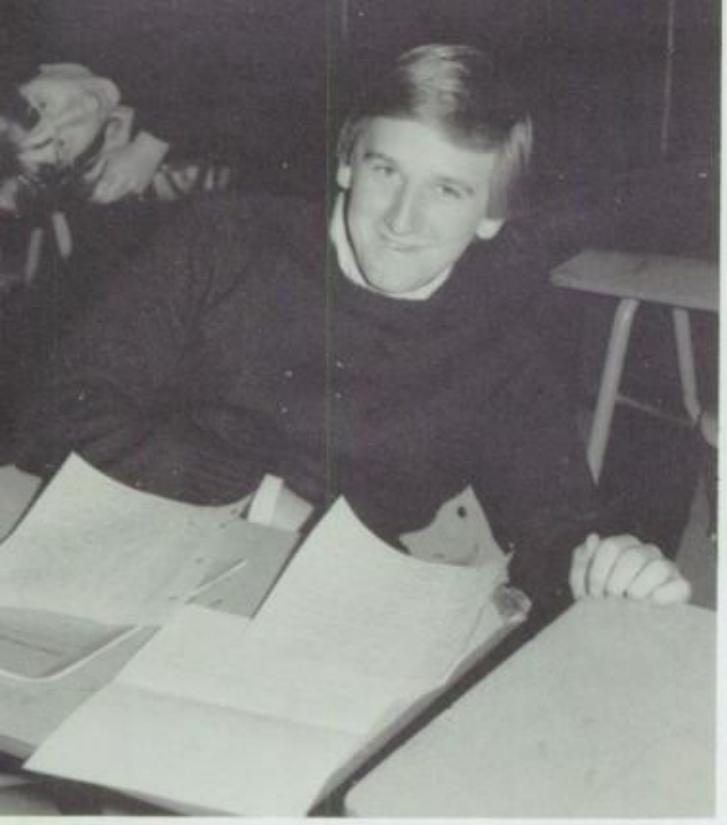


Oliver finds a friend

"We'll you see . . . , back in the old country . . ."

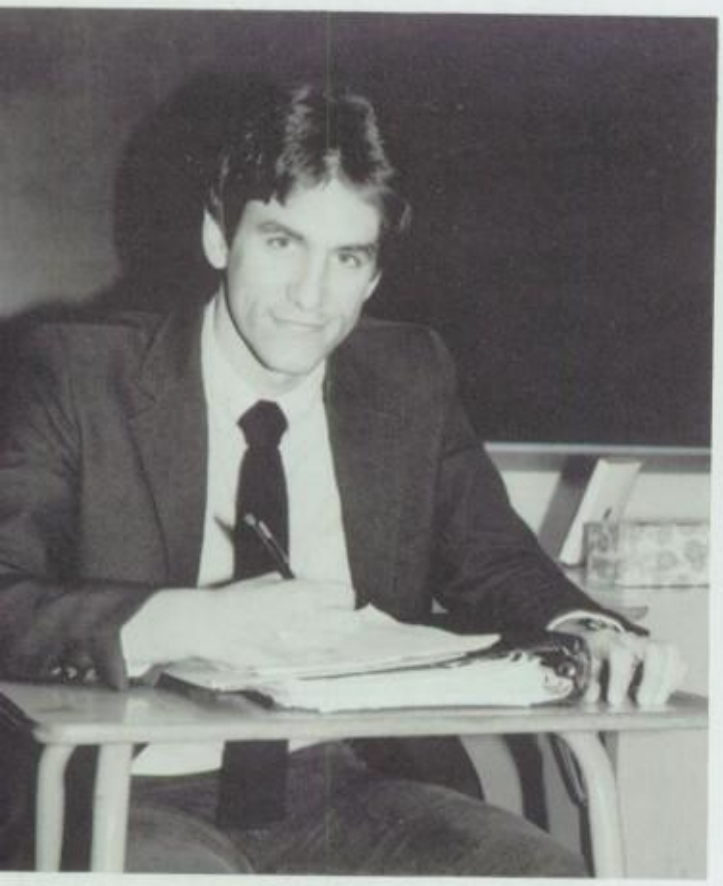
"I just love these American women."

John stands at attention.



Tim, prepared for almost anything?

The Student Court takes a crack at Watergate.



I'll see you in court!

STUDENT COURT

What do you guys think? . . . Guilty?

Mr. Binder and Mr. Miller look on.

Adams High School, as far as we know, was the first school to create a student court in 1979. It has been quite successful, and there are now three schools in Michigan with student courts.

Student court is an alternative to the administrators wrath. Those students found guilty of infractions of the student code by Dr. Freeman or Mr. Binder sometimes feel their punishment is too severe, or too unfair. They bring their cases to "court", get a lawyer to represent their testimony to student jurors and receive a verdict. If found guilty, the subjects fate is then placed in the hands of the panel of judges whose punishments usually consist of after-school clean ups.

To become an attorney, a student must pass a bar exam written up by Mr. Clevenger, and to become a judge, the students must prove themselves as attorneys to Mr. Clevenger's satisfaction. The jury is made up of student volunteers.

About 15 cases a year wind up in student court, and so far there have been no complaints about the system.

CAMP COUNSELORS

Another year of suffering through a week of sixth graders was attempted by some of Adams lucky seniors and juniors.

Each set of camp counselors tried their wits at camping with various sixth grade classes from the Rochester area schools.

Congratulations counselors for your survival, and good luck to future students "fortunate" enough to be counselors.

NATIONAL MERIT SCHOLARSHIPS/PSAT HONORS

Semifinalists: Ron Brown, Jeanne Bowman, Jim Solari, Jeff Semrau, Dirk Arnold

Once again this year the students of Adams participated in the National Merit Scholarship Program. The finalists, semifinalists, and those commended for the honors were chosen by their outstanding performances on the PSAT/NMSQT testings.

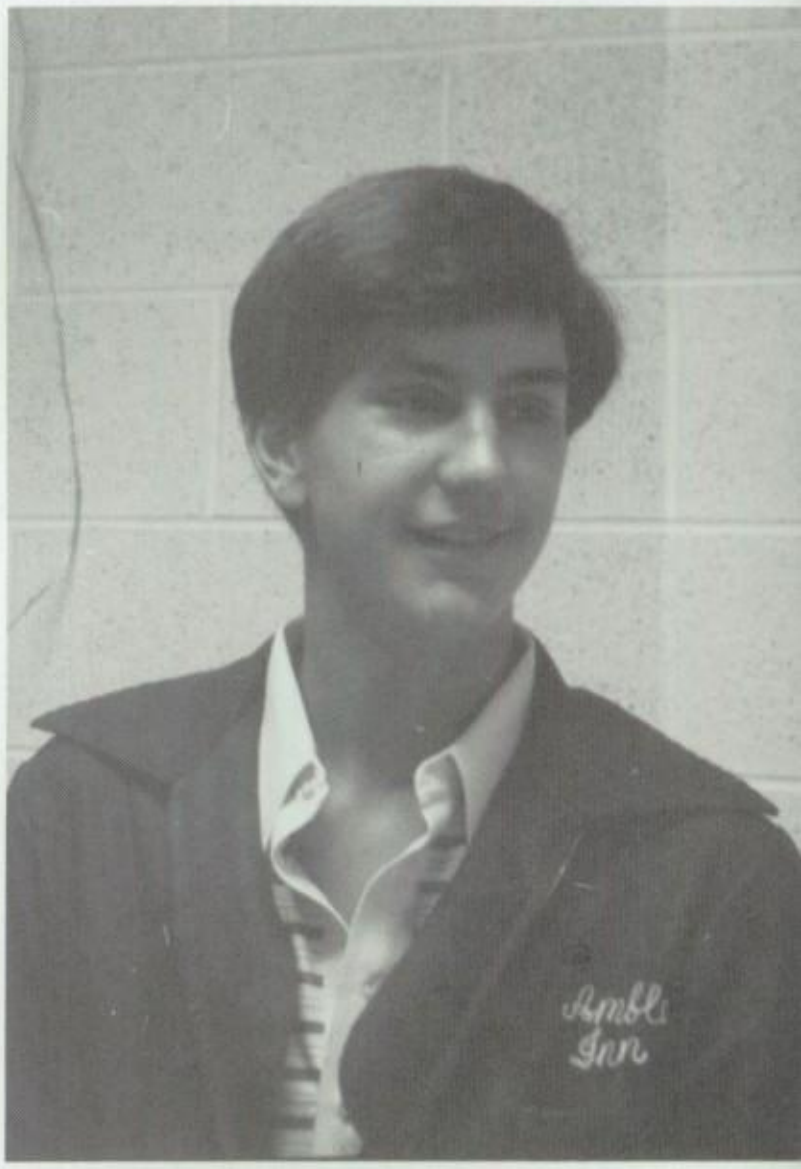
Adams High School proudly announces the fact that it honors eleven seniors for this 1982-1983 school year. The semifinalists were: Dirk Arnold, Jeanne Bowman, Ron Brown, Jeff Semrau, and Jim Solari. Among those commended for their performance were: Jim Belcoff, Tom Buiteweg, Eric Hamen, Judy Mourant, and Rob Riley.

We congradulate all on a job well done and a wish for future success.

Commended: Rob Riley, Jim Belcoff, Tom Buiteweg, Eric Hamen

AMBLE INN

First of all, it was not the "Anne Boleyn" (one of the unfortunate beheaded wives of Henry VIII)! This cheery place of business was called the "Amble Inn". Besides an enticing display of scrumtious goodies, the "Inn" carries an assortment of entities such as greeting cards, pencils, records, camera film, and notebooks. You name it, the Amble Inn had it! The Amble Inn has enjoyed much success over the years, both in the terms of the numbers of people who patronized it and the numbers of students who wished to work there. Working in the Amble Inn had its rewards. Students learned many useful skills needed for their future careers. They learned to handle customers courteously and efficiently, to deal with disgrunted customers, and to work for a most demanding boss, Mr. Rosenberg. Most students would agree that working in the Amble Inn is both fun and educational.



HIGHLAND HOUSE

The Highland House is known for the fragrant and mouthwatering smells which float through the halls, teasing and tempting students on their way to class. Highland House, the alternative to cafeteria food, held a reputation for its fine food, friendly service and affordable prices. Every Tuesday and Thursday the "House" opened its doors. Teachers and students alike poured in, eagerly awaiting their delicious meal prepared by the prodigees of Mrs. Fisk, who was supervisor of the fine establishment.

The 1982 Democratic Convention.

The Convention is the most important event of the Government classes and is a two-day affair which takes place in the Gym.

This years Democratic Mock Convention was certainly one of the most exciting. Everything seemed to happen at the last minute. The day before the big event, students were still working on campaign posters and buttons. However, they got everything done just in time. On the second day of the Convention the race was between Walter Mondale and John Glenn as the Democratic choice for the Presidency, with Glenn holding a slight lead. But at the last minute, underdog Tip O'Neal made an outstanding come back, soundly defeating Glenn and slightly ahead of Mondale. In retaliation, Glenn supporters backed Mondale the points needed to win the Democratic presidential nomination.

Although it was only a Mock Convention there was a lot of fled tempers and heated arguments even after the convention. The convention was not only a lot of fun, it was a very educational experience, and gave students a much better understanding of what politics is all about.

INSTRUMENTAL MUSIC

Bob Hemenger and Bill Caldwell jamming in the cafeteria with the Jazz Band.

The bands at Adams this year were fantastic, and I'm sure that anyone who heard any of the groups this year would have to agree. For true music lovers, the Symphony Ensemble had an excellant year. They took part in school and public concerts, as well as some festivals. They also took part in the amazing Bandtasia, a concert in which all the Adams bands took part. The Wonderful Wind Ensemble also had a terrific year. It, too, participated in concerts and festivals, along with Bandtasia. For those interested in a more comtemperary sound, the Jazz Band was for them. In the spring, they were entered in a four day competition, for which they worked hard all year. They also provided lunch time entertainment. They played at many public concerts too, and made an excellent showing at Bandtasia. Last, but definately not least, the Adams Highlander Marching Band. These dedicated people were out marching in the field long before most people were out of bed! Their hard work paid off, how ever, and the Marching band provided a lot of spirit at games. This was their first year in competition, and they made a fine showing. All in all, it was a terrific year for music lovers!

CHOIR

Susewitt.

This year was a great one for the Adams Vocal Music Department. Both Major choirs, the Concert Choir and the Treble Choir enjoyed terriffic success in concert performances and in festival participation. Once again this year, Adams had outstanding representation in Regional and State Honors Choirs as well as extensive participation at District and State Solo and Ensemble Festivals. Two smaller, select groups, the Treble Ensemble and the Adams Singers and a large number of soloists scored a big success at the concert as well as at Festivals. During the holiday season, the vocal music department took part in a very well received community service effort to share our music with the local Senior Citizen groups and in the Spring Musical Theatre production, a performance at Commencement and recording and cutting of a record album entitled "Adams Sings 1983". All in all, a super year!

GIRLS TENNIS

This year the Girl's Tennis Team had a new coach, Carl Johnson, who worked as a Professional tennis player at Rochester Hills Racquet Club. The girl's season got off to a great start when they won the Eisenhower-Invitational back in August. They also took first place at their own Adams Invitational and brought home a beautiful trophy. Because of their tough competition in their League, the team did not stay undefeated for long. They came in 4th out of 6 teams at League Meet. At Regionals, all the girls made it through their first rounds, and many girls went to the quarter — and semi-finals. In the finals, our #3 doubles team of Karlin Roberts and Julie Fordree lost to Seaholm, the #1 team in the state. Overall, Adams came in 4th out of 15 teams. The team was led by outstanding sophomore Michelle Jones. Seniors who contributed to the team were Sue Enright, Justine Gross, Christyn McQueen, Kristy Moyer, and Janet Zubkus. The girls had a good season, and lots of fun!

Quinn, Sue, Dana, Kathy, Karen, and Leslie show how much fun Cross Country can be.

Jim runs his last few meters.

Adams Cross Country once again had a good season this year. Both the Boy's and Girl's teams were coached by Mr. Cicciarelli. The Boy's team was led by Captain Rick Wood, Gil Rietsch, Chuck Splete, and Jim Kissling. The boy's team was undefeated throughout the season and took first place in their League. Rick Wood also took first place at League Meet, and set a new course record.

The girl's team was led by Captain Kathy Kubicki, Quinn Brodie, and Dana Marlette. Because their team didn't always have enough girls to run, due to injuries, they were disqualified in many of their meets. When they did run, they did a good job. Kathy Kubicki took first place at League Meet, and the team finished in 3rd overall. All the hard work these dedicated runners put in really paid off by the end of the season for both Boy's and Girl's Teams.

BOY'S GOLF

This year, the Adams Boy's Golf Team ended up with a 5-8 record. The team was coached by Mr. Pasbjerg, and the captains were Russ Roberts and Bill Sheets. They participated in the Oakland County Meet, the Bedford Invitational, and the MHSAA Regionals. In their League Meet, the boys came in 4th place, and overall, ended up 5th in their League. The top three golfers were Russ Roberts, Bill Sheets, and Mark Obrzut. Contributing Seniors were J. Storm, K. Hellebuyck, D. Rospond, B. Sheets, and M. Obrzut. Next year, the golf team will have many returning players, and is looking forward to a successful season.

Bottom Row: R. Roberts, M. Obrzut, K. Hellebuyck, D. Penny, D. Schultz. Middle Row: P. Trimber, G. Brown, J. Flannigan, B. Sheets. Top Row: D. Rospond, J. Storm, T. Horner, B. Wolstone, Coach Carl Pasbjerg.

BOY'S SOCCER

The soccer team's performances this year were a definate improvement over last year's because of the team spirit and the participation. Both the Varsity and J.V. teams were coached by Anastas Pazevic and Bob Read. The Varsity Team record was 9-11. They won the first game of the State Soccer Championship, but lost the second game by a score of 5-4 in overtime. They came in 4th place in their League. Contributing Seniors were: S. Doolan, B. Hardester, M. Kaczocha, L. Myers, B. Pazevic, R. Riley, J. Tischler, and C. Zamka. The J.V. Team had a record of 5-7-1.

Coach Joe Plots a tough "D".

Led by co-captains Jamey Heim and Jeb Stolicker, the 1982 Varsity Football team was loaded with the talent of last year's returning players along with the guys from last season's J.V. squad. Directing that talent was head coach Mr. Zelmanski, who was assisted by coaches Inman and Haskey.

The team started off the season with a 20-6 victory over Lake Orion in the Silverdome, which made the team 4 for 4 playing there. They were strong and made it 3 more victories in a row until they dropped a tough game to state ranked Bloomfield Hills Lahser. The momentum then slowed and the frustration of the rest of the season could be told in one incident: the inability to score from Royal Oak Dondero's two yard line while time ran out.

However, this was one of Rochester Adams' proudest years.

A happy group of Highlanders.

Save some for the fish, Larry.

Coach Guerrieri shows frustration.

The Adams J.V. Football team had a fairly successful season. Coached by Mr. Guerrieri, the team showed a great deal of improvement from the first game when they were beat 0-26 by Lake Orion.

Outstanding players this season were: Paul Larson, Rob Razzano, Jim Horan, Don Foster, Dave Wester, and Tim Turral.

Judging from the J.V. performance the future varsity looks fairly good.

CHEERLEADING

GO ADAMS!!!

V. Macan, P. Bettini, K. Pasanen, L. Konoval, M. Brady, L. Westergaard, A. Becker, C. Edwards, H. Joyce.

Thanks to the pep and vitality of the cheerleaders, this year's pep assemblies were undoubtedly the best and most enthusiastic ever. Our cheerleaders also bobbed, clapped and cheered the varsity football team to four straight wins in the beginning of the season, the best record Adams had ever seen.

But being a cheerleader is not all glamour. These girls must practice after school everyday and cope with lack of recognition for their work. As Mrs. Long (cheerleading coach) said "Cheerleading calls for cordination and dexteirty."

Julie cheers on!!

This years Girls Basketball team have done a very nice job. The basketball teams have beaten tough teams such as Troy Athens, who are number eight in the state. The Varsity Coach was Mr. Dillon. And the Junior Varsity coach was Ms. McClean. The most outstanding Varsity player was Eileen McClennen, she did a very outstanding job. The J.V. team, which has been made up of all sophomores has had a great season and will definetly have a good Varsity Team next year.

"Put your right arm out, shake it all about . . ."

The 1983 Junior Varsity Basketball team did a great job this year. This young team, with a new coach, worked hard through the season, led by much determination and spirit, and turned out a good record. They learned to develop their game and work on playing as a team. Hopefully, the skills they improved on this year will help them to play better next year when we see them playing (and scoring) on Varsity. Good Job Girls!

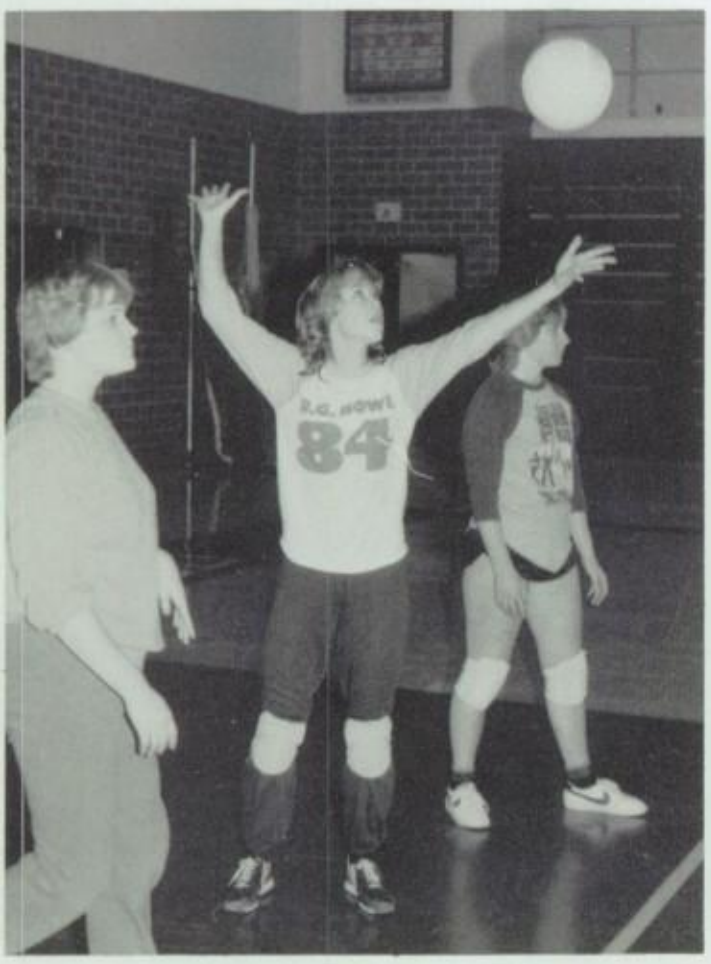
Adams fights for the rebound.

J.V. VOLLEYBALL

Katie shows us perfect form.

The 1983 junior varsity volleyball team was made up primarily of sophomores, combining their talents and skills. Ms. Christine Nuss was the new coach and she came here with the intention of teaching the girls important skills of volleyball, and more important, to let the girls have a good time. Overall their season was rather impressive, and it was a good learning experience to help them prepare for next year's varsity season.

The volleyball team is really working up a sweat!



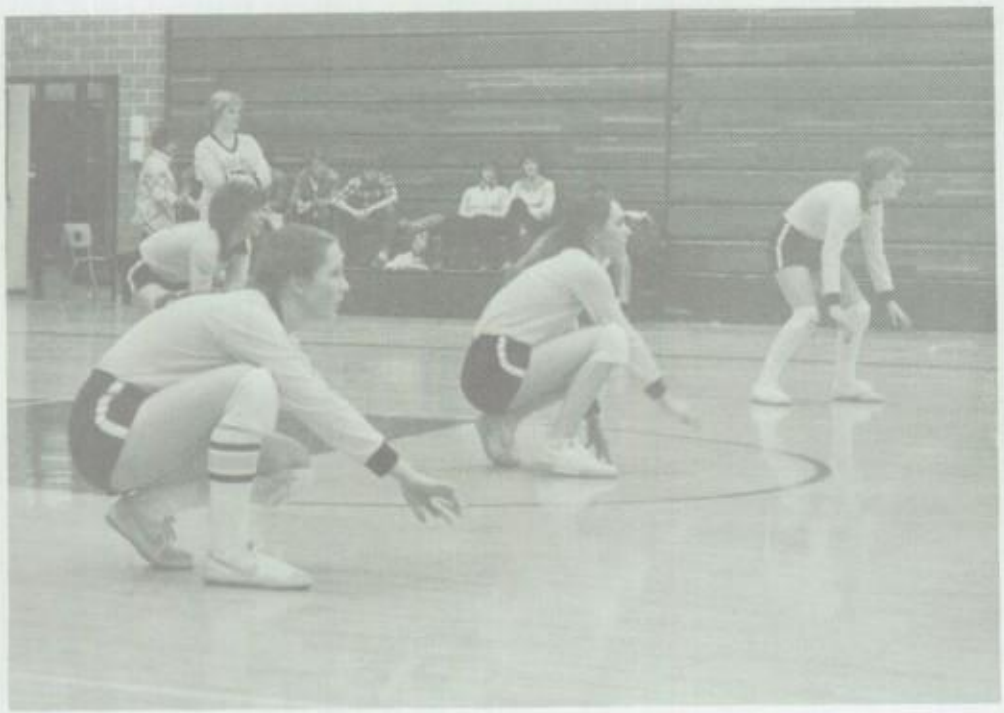
I'm going to smack you.

I'm going to smack you too.

VARSITY VOLLEYBALL

This year, the Adams Girls Varsity Volleyball team made us proud! The team this year was mostly comprised of Juniors and Sophomores, with only a few returning Seniors. However, what some of the team members lacked in league play experience, they more than made up for in enthusiasm and skill. Most of the team members this year felt each one of them had improved, both individually, and as a team.

Kathy Taylor was the coach again, and everyone felt she did a great job, just as she had done in past years, and hopefully for years to come.



Setting them up for the kill!

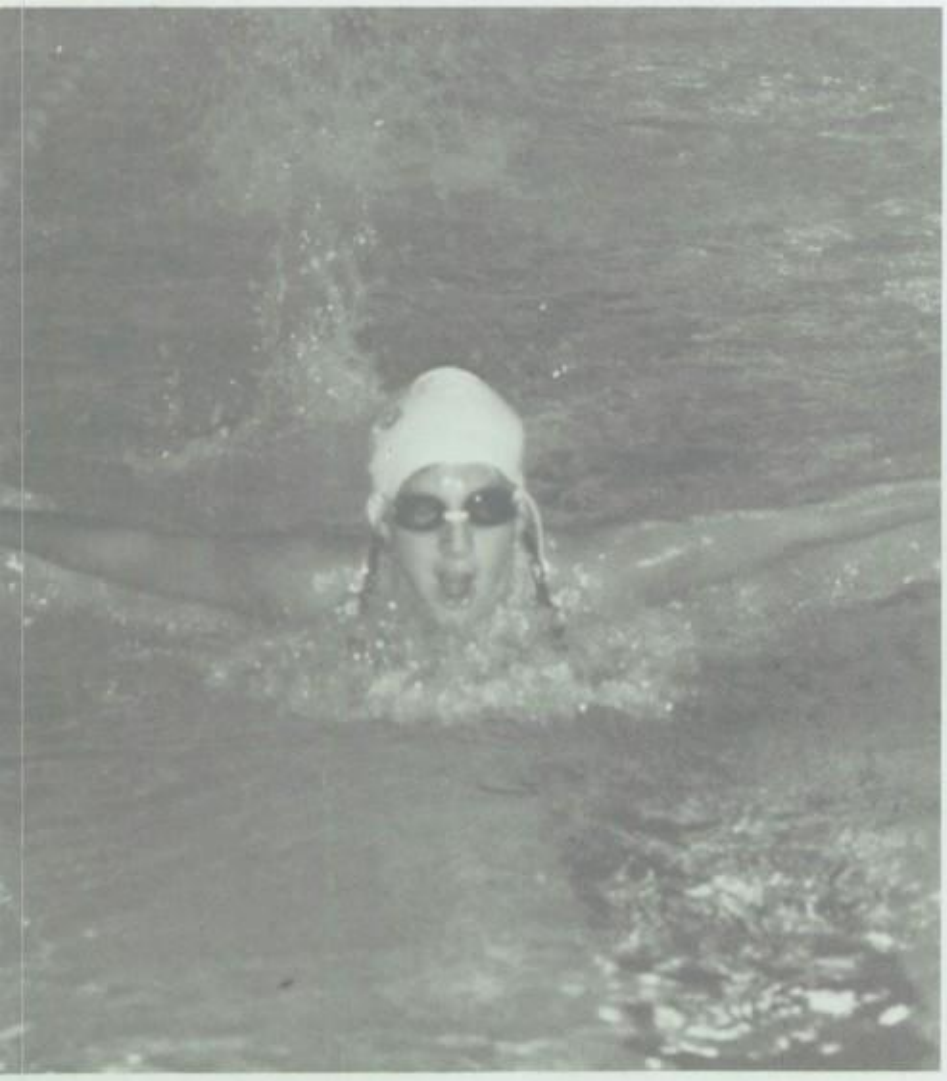
We've got to stop meeting like this!

A man made water fountain.



Watch out — she's coming at 'cha!

This past year, Adams took on a whole new 'crop' of ambitious swimmers added to the already hard-working Adams Highlanders Girls' Swim Team. Last year the girls swim team consisted of only thirteen swimmers and divers combined. This past year their abilities were twice as strong, due to the fact that the team has more than doubled in the number of members.

The 1982-1983 team consisted of seven seniors: Sherri Fedak, Renata Phillips, Alexanne Roll, Hannah Saunders, Kim Johnson, Mary Carr, and Jeanne Johnson. Each of whom competed for their last season at Adams. By their sides were the team's seven juniors and nineteen enthusiastic sophomores. Among them were the team divers: Kim Johnson (senior), Cheryl Reitch and Paula Goniweicha, (both sophomores). Their coach, Debbie Baer, once again led the team to victory this year.

Thus, all of the thirty-three swimmers put the strongest of their abilities together in a successful attempt to make the Adams Girls Swim Team as tough a competition as possible.
Congratulations on another successful season!

BOYS SWIMMING

"Here goes nothing!"

This years' boy's swimming team was the best in six years. These aquadic wonders splashed their way to the best win-loss record Adam's swim team has ever had, which placed them as one of the top ten ranking teams in Michigan. Some of this year's outstanding members were: Co-captain and All American Doug Cleland for the 100 yard backstroke and Co-captain Kevin Reed who also made the State Championship this year for the second year in a row with his 100 yard breaststroke. Sophomore David Krull also qualified for the State meet with his 100 yard Butterfly. These three were joined by a fourth, Tom Warnicka, with his free-style to complete in the 200 yard Medley which won the State Championship title.

Mr. Seman coached the team again this year. The team did a great job and it will undoubtedly be a team that will go down in the history of Adams High School.

GYMNASTICS

This years Gymnists were coached by Ms. Craven. The team competed with the states best teams and did well. There were many returning members from last year. The entire team spent many hours training and learning new routines. The team also had many Juniors who with experience gained this year, will have a promising season ahead.

SKIING

This years ski season was a short one. Most of the snow at Pine Knob was man made. Despite the unseasonal conditions the Highlander Ski team performed well. Once again under the leadership of Coach Miller. This years captains were Julie Kosik and Rob Schick. The entire team gave Adams a ski team to be proud of.

Please don't stop here!

This years Wrestling Team once again proved to be strong opponents. Led by TRI CAPTAINS, Ron Schimon, Kevin Debolt, and Brad Vargas, the team had a successful season. Coached by Mr. Bailo, the team held the largest invitational meet in Michigan right here at Adams last January. They did terrific in the 26 team standing. They also challenged the best team in the U.S. They gave the Ohio team a tough battle. Placing 3rd in Oakland County they showed us they were MBAMF, Bailo commented — "Best all around squad I've had in years." We expect nothing less from the Defending Champions of 6 years. Good Job Guys!

VARSITY BASKETBALL

This year's Varsity Basketball team was loaded with talent. It came from the acquisition of last year's junior varsity players; Mike Smith, Mike DeLong, Larry Hohnholt, and Brian Wood, the newcomers Lance Elson and Greg Hendershott, and the fact that last years starters: Jeff Bullard, Terry Allen, Jamey Heim, Matt Nosewicz, and Scott Green are this years starters as well. The team had a lot of depth thanks to Brennen Waugh and Dave Ballantyne.

Mr. Orchard coached the team again, and the players produced a strong season in and out of M.S.A.A. league play. The season's highlights were a good league record, a victory over Rochester and the double overtime trouncing of previously unbeaten B.H. Lahser.

J.V. BASKETBALL

This year the J.V. Basketball team consisted of thirteen dedicated players. They practiced exaustingly each night to improve and execute their plays with perfection. This bunch of guys showed an enormous amount of potential and skill. Without the guidance and expert advice of coach Gardner's superb knowledge of basketball, the team could have never worked so fine. But determination and skill were not quite enough for the team to carry a winning season. The league they were in was amoung one of the toughest, but Adams's J.V. team certainly put up a strong fight. Without a doubt all of the players have star quality and the making of outstanding players. Its accurate to assume that in the years to come they will be seen roaming the hall in Varsity jackets.

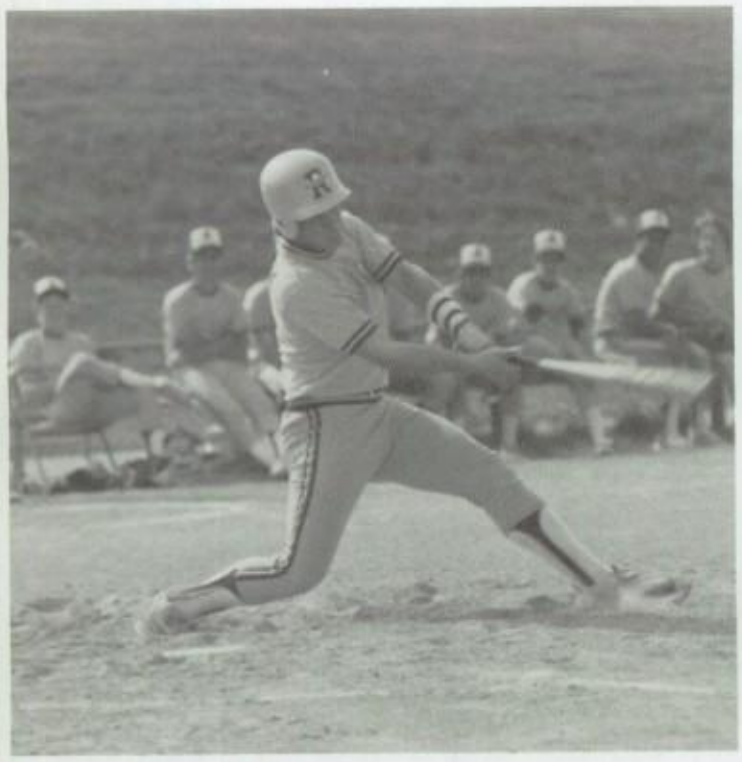
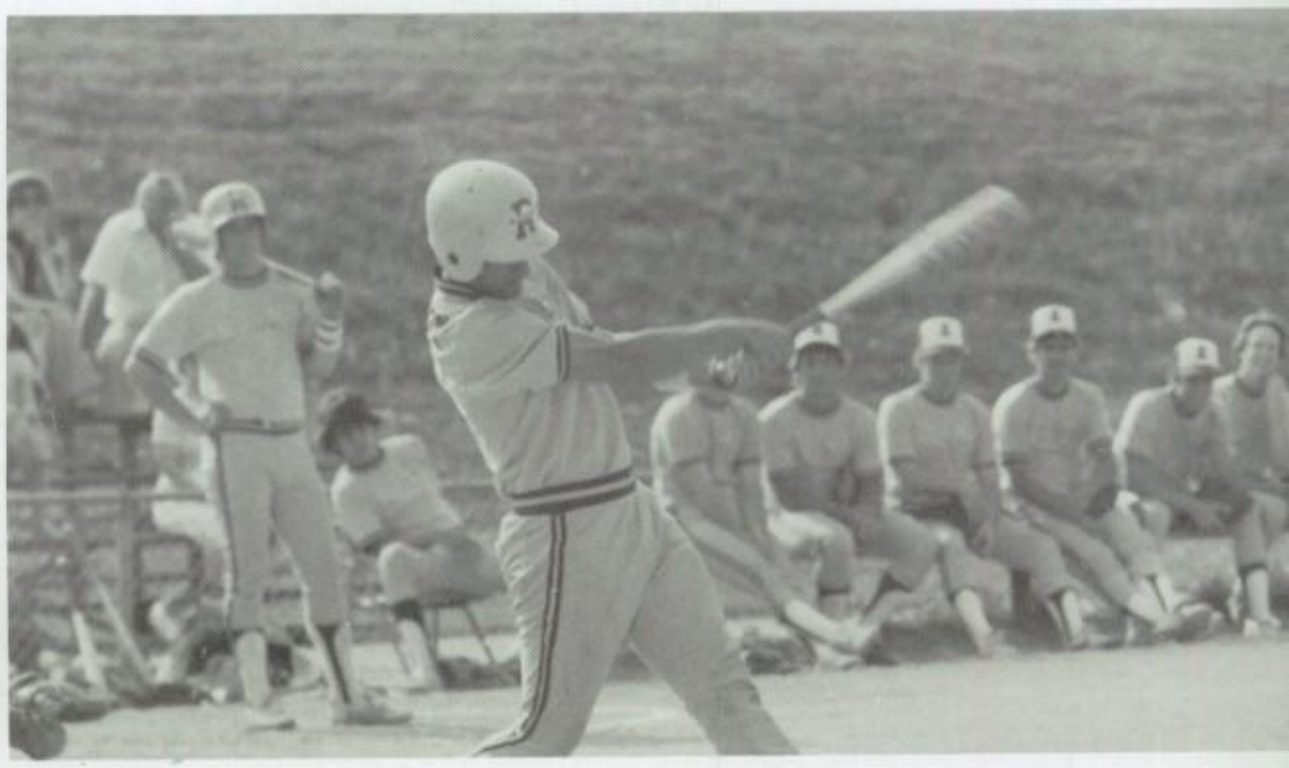
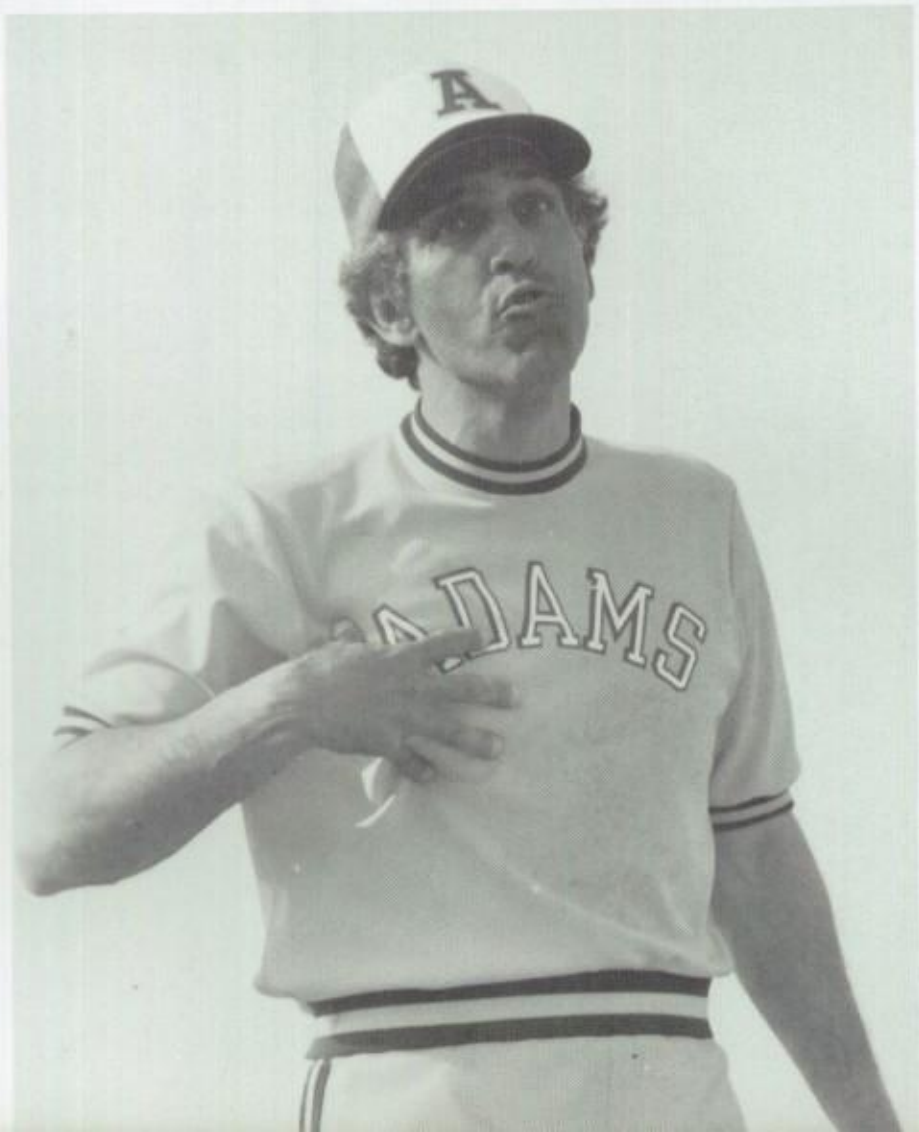
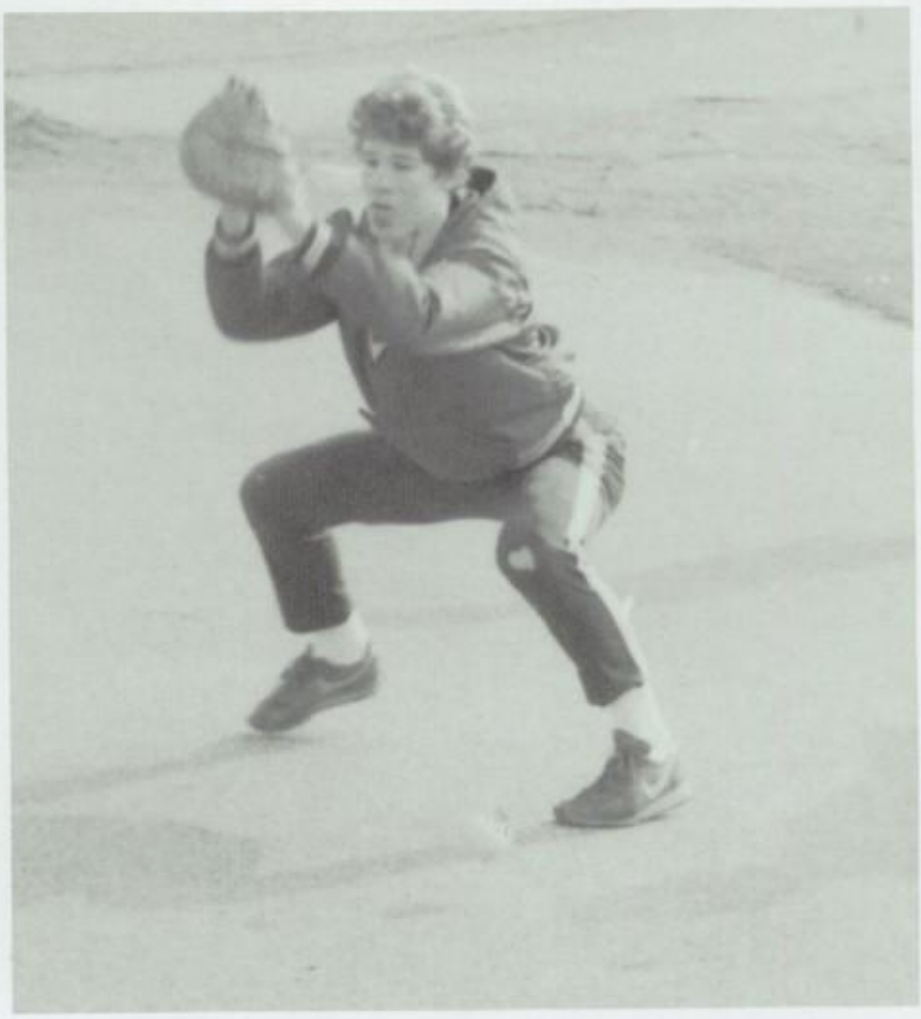
The football season was not even over and already excited, hopeful girls were assembling in the cafeteria after school to learn new cheers for the upcoming basketball cheerleading tryouts. A few of the football cheerleaders found that just one season of cheerleading was not enough and returned for another season. Long before basketball season commenced, the cheerleaders were already perfecting their stomping, clapping and yelling techniques. The squad showed alot of spirit this year, both at the games and the assemblies.

BASEBALL









Once again Mr. John Guerreri coached another season for the Varsity Baseball Team. Their fine records this year were attained with the help of returning seniors such as: Terry Allen, Jeff Bullard, Matt Nosewicz, Pat Sementkowski, Rob Pitts, and many others.

Mr. Zelmanski coached the J.V. Baseball Team. He was once again faced with the difficult task of picking the right people for the team. Mr. Zelmanski did a good job of picking the right guys to work together.

Everyone worked hard this year and gave Adams teams to be proud of.

SOFTBALL

This years Varsity Softball team was coached by Kathy Taylor, who lead the team to a promising season. Many of the starting players from last year returned enabling the team to better their skills.

The J.V. team was coached by Dave Berube who also lead the J.V. team to a promising season. This team consisted of mainly sophomores. This was the first time many of these girls had played together, thus they worked on having good inner-teamwork along with many other skills.

Everyone on both teams worked hard and their efforts paid off with a very successful season.

TRACK

The track team of Adams 1982-83 season was headed once again by Coach Cicciarelli. Strategic victories were depended on both the experienced runners and the new, less experienced runners. Both the Girls and Boys track team showed a fine effort in representing Adams. With the consistent support of all the track members, the 1982-83 track season could be considered to have been very successful.

BOYS TENNIS

The Adams High School Boys' Tennis Team came out to play once again for the 1982-1983 school season.

Returning from the previous season were some of our senior pros. Along with the newcomers and other experienced players.

All put forth their greatest efforts and performances in various tournaments and matches in an attempt to make Rochester Adams students proud to have them represent us.

GIRLS GOLF

Again this year, Mr. Pasberg coached the Adams Girls Golf Team on their way.

Senior Julie Erhstrom returned this year, as did junior Kathy Flynn, Laura Gauss, and Lisa Gara to put forth their greatest performances.

In participation with junior Debby Zwerner, and sophomore Dana Marlett, the girls did a fine job in the 1982-1983 season.

We send a goodbye to Julie, and a wish of good luck to our future girl golfers.

Adam's Key Club consisting of some 75 individuals had been in existence a mere two years and was already the largest organization in the school and in Michigan. What was responsible for the club's remarkable growth, and what has the club actually done? The Key Club is a community-help organization affiliated with Rochester Kiwanis. Many thanks are given Mr. Ed Stizza, an active Kiwanis member who helped form the club. The club was sponsered by Mr. Zelmanski and Mr. Orchard. Among many other activities, the club was involved in building a float in the Thanksgiving Parade, working the concessions stands at such festivities as the "Alabama" and the "Who" concerts, and Tiger baseball games, community cleanups, the "adopt a grandparent" program at the Danish Village and selling bagels at the school. But the most popular activity was the conventions which they compete in with other clubs. The convention is for the purpose of implanting Key Club enthusiasm and understanding of what the club is all about. Besides this, all the Key Clubs of Michigan were able to meet each other, exchange ideas and make friends. This weekend extravaganza is an experience described by most Key Clubbers as fabulous fun. At the last convention, Adam's club members exhibited superb enthusiasm and although one of the youngest clubs, took 2nd place for the coveted "Best Key Club" award.

DECA advisor, Mr. Tignanelli.

The Distributive Education Clubs of America, better known as DECA is for the business minded of Adams. Most people who were not directly involved in DECA had a very limited knowledge of the club's achievements and activities.

DECA, supervised by Mr. Rosenburg, was one of the most active and successful organizations of Adams. The club was involved in business competition in both state and national levels. There was a series of 3 major competitions: District, State and National. The competitions consisted of both written and oral examinations. The top students from each level continued to compete at the next level until finally there was an ultimate winner.

Adams has had a record of doing exceptionally well. For the past seven years, Adams has students qualify for national competition. In the last two years, Adams students made up nearly a third of all national qualifiers from Michigan. Adams students enjoyed much deserved recognition for their fine efforts. In one year, both the 1st and 2nd place winners of the national level competition were Adams students.

This is really an impressive record, and it is certain that Adams will continue its outstanding record as a formidable opponent in DECA competitions.

What a loveable guy! (Mr. Rosenburg)

"Do I have to show you everything, Jim?"

DEBATE

The four members of the Debate team are Junior Kerry Day, Seniors Jeanne Bowman and Terri Herman, and Junior Jim Jacoby.

"WOW! are they convincing."

This years Varsity Debate team had a very successful year. The team consisted of Seniors Jeanne Bowman and Terri Herman along with Juniors Kerry Day and Jim Jacoby. The team debated competively every Wednesday night for 6 weeks with 10 other schools in their league. Under the guidance of Mrs. Smitz, the team did a fantastic job. Returning for her third year was Terri Herman, for her second year, Jeanne Bowman. It was a first year of competition for Jim Jacoby and Kerry Day. CONGRATULATIONS team for the terrific showing!

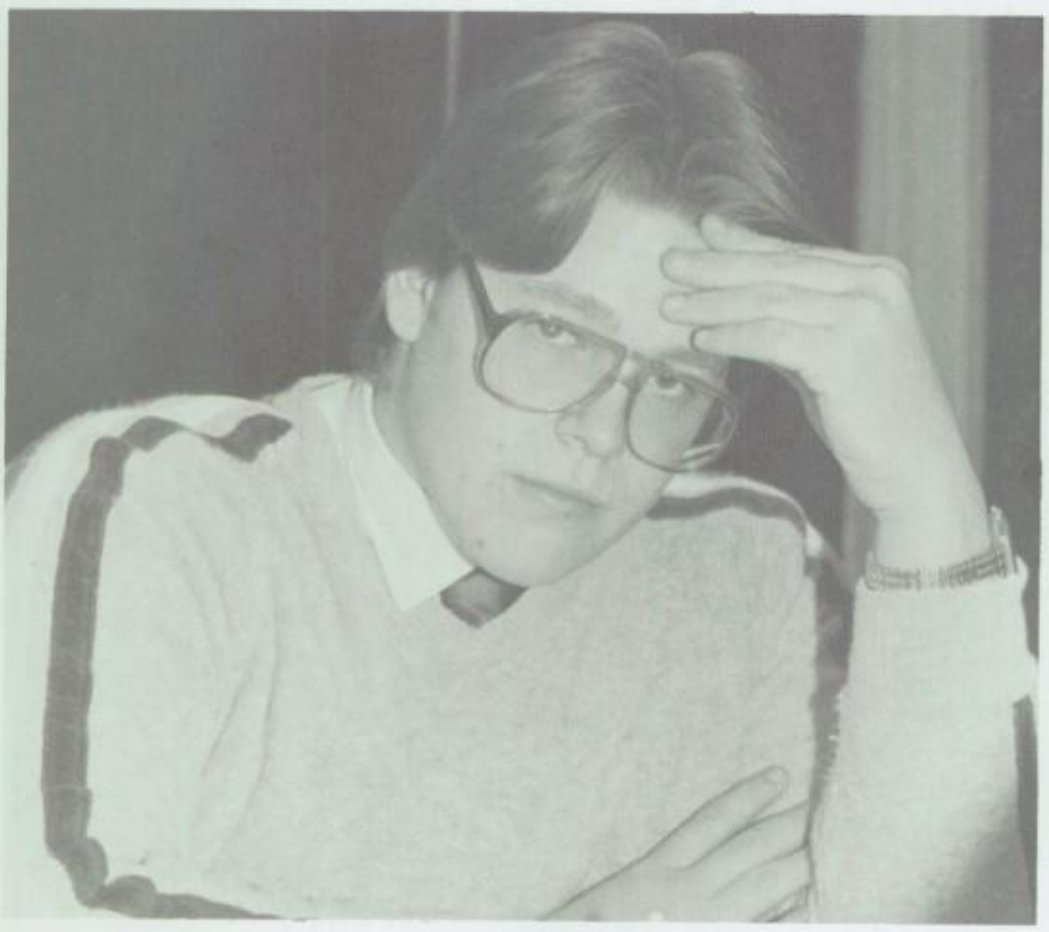
"Oh Terri, you always think you're right."

THE CHESS CLUB

ROW: 1 A. Splete, C. Chu, G. Copenhaver, M. Compton, K. Johnson
ROW: 2 T. Leeds, T. Birchall, M. Mansfield, J. Gibbs, B. Pazevic, K. Herrington, J. Rende, and Mr. Treat.

The Chess Club this year, along with a few other clubs did not receive any funding. As a result, those who wished to take part in the club had to finance their activities and furnish transportation themselves.

However, the chess club as usual did a commendable job. They began the year by attending tournaments at the University of Michigan. Through such tournaments, many of the chess players became members of the United States Chess Federation gaining a tremendous state and national recognition for their efforts.



My mind can't take anymore.

Tom plans a strategic move.

Brian enjoys a good game of chess.

YOUTH IN GOVERNMENT

"Check out these facts and and figures!"

Mr. Clevenger, caught eating on the job.

"Did I get it right?"

During the course of the year, the 20 Youth In Government members met weekly to research and discuss social problems on a state level and to invent laws to solve them. Their big event of the year took place in April when Adam's Y.I.G. members met with Y.I.G. members from highschools all over Michigan and took over the state capitol. Students assumed the rolls of government officials and presented bills they had worked on throughout the year and attempted to pass them using proceedures actually used by real life government officials. This affair went on for two days and after it was over, students got the opportunity to unite with the government officials they had been playing the rolls of. Mr. Clevenger, Adam's Y.I.G. sponsor was a great help in the success of this event.

Formerly called the "Rocket Club", the Physics Club has proven to be a strong club, increasing in popularity every year.

The club was geared toward the student who was interested in science and/or engineering, however, this was not manditory. They met weekly on Wednesdays and spent their time fiddling with objects like the Kelvin generator and planning trips to the Cranbrook Planetorium in Bloomfield Hills, and organizing their big winter trip to the museums in Chicago.

The group of 11 was headed by their president Kip Herrington, vice pres. Joe Ziembo, secretary Mary Ziembo, and treasurer Jason Sedlock. Their sponsor was Mr. Gibson

Besides taking trips, the club was active in many other aspects, such as: studying films, gazing at the skies, making shirts (and God said), and of course popping popcorn.

TABLE TENNIS

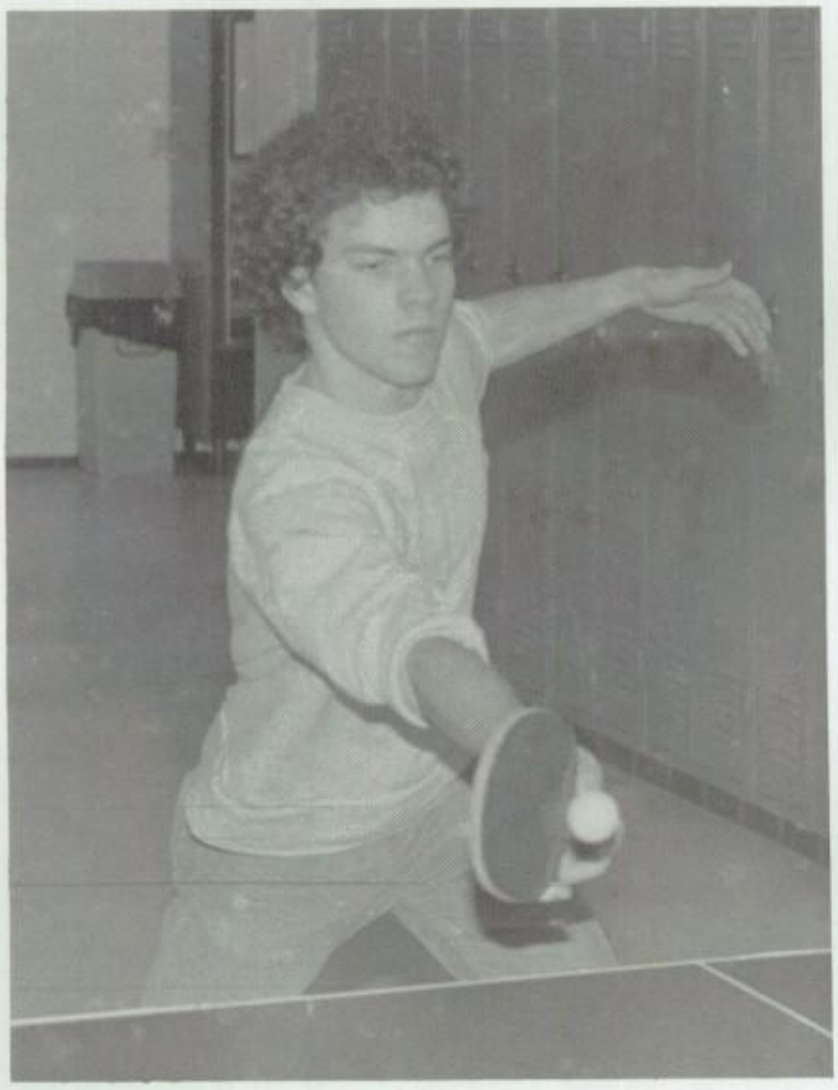
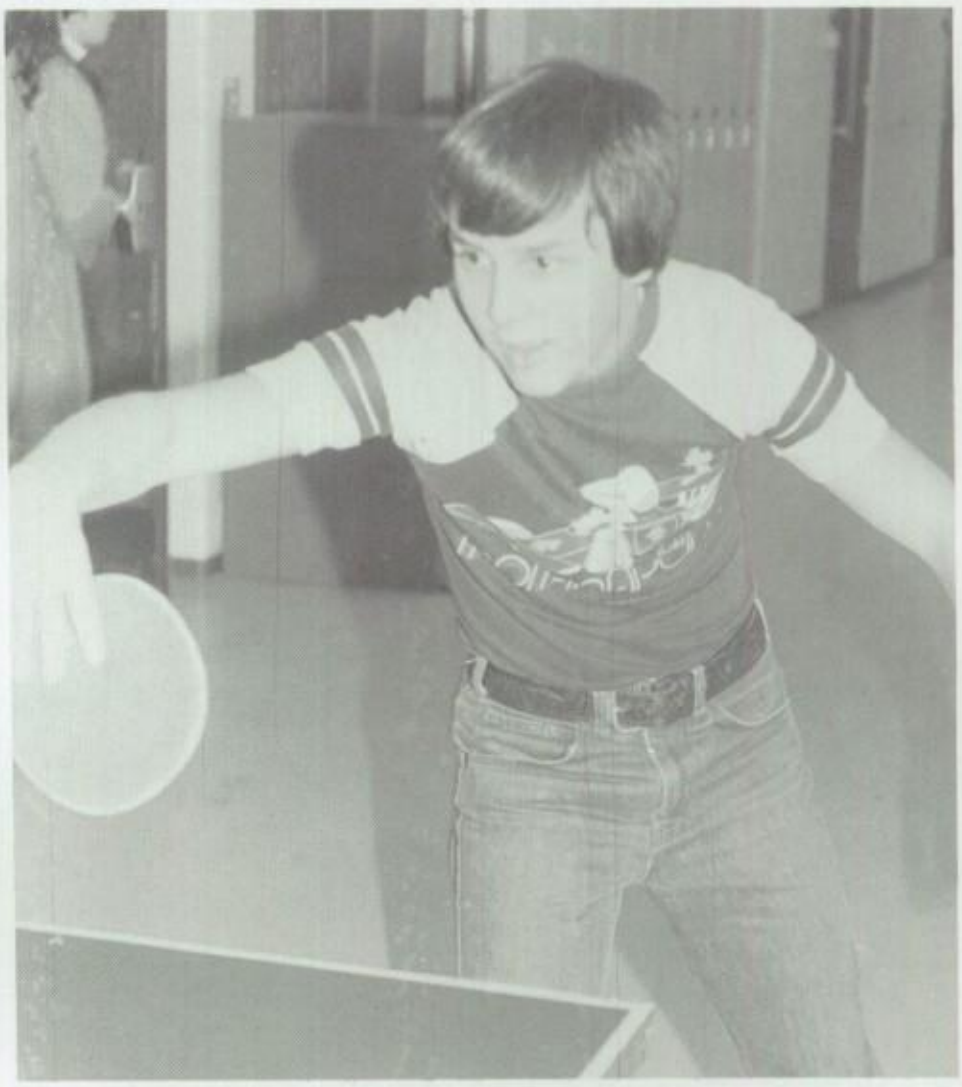
Again this year, school budgets were cut. These budget cuts affected some school activities. One of the activities to suffer the consequences was table tennis. As a result, the sport was run by the participating students this year. There were about twenty players that signed up dispite the fact they had to finance the sport themselves.



Joe shows one of his graceful moves.



Kieth shows the true excitement of a real star player.

Oh Dave, you think you're cool.

PHOTO CLUB

Photo Club continued this year as the only visual arts club at Adams, even though budget cuts had threatened them. The main objective of the club this year was to complete and enter pieces into the Scholastics Awards Contest and experience the dificulties of color photography. Because of the expense of color, the club went out to raise some funds. Money was raised by the ever popular "foto frenzy" and candy bar sales, thanks to Mr. Yasso. This years officers were Nancy Yasso, President; and Karla Wierzbicki, V.P. Leading them through the dark was fearless advisor Mrs. Ceil Jensen who did a GREAT job to encourage these young artists. NATIONAL HONOR SOCIETY

Each year, Adams most illustrious alumni are admitted to Adams most exclusive coterie in recognition of their scholastic achievements and school spirit. This is the "National Honor Society". To belong, a student must have a 3.25 grade average and accumulated a minimum of 21 activity points.

The NHS participated in a number of interesting and uplifting projects. These included a dance and a car wash as fund raisers. With the money they made from these activities, NHS generously donated $100 dollars to the library fund.

NHS meetings were held every Tuesday and an extended meeting was held once a month to discuss future plans. NHS was led by officers: Scooter White, Kendra Reed, Jim Solari and Marlene Michaud. NHS produced 76 members this year and every one of them should be congratulated for a job well done.

NHS Seniors: A. Becker, S. Biebelhausen, K. Bordine, J. Bowman, T. Buiteweg, J. Bullard, A. Busch, A. Cardiman, S. Cooper, C. Delaney, J. Ehrnstrom, S. Enright, S. Fedak, A. Googasian, J. This year's Student Council has once again proven that when AHS students work together, they can really make things happen. The students did an excellent job chosing their Student Council which worked really hard for the school this year. Homecoming and all the festivities preceeding it would not have been nearly as fun if it hadn't been for the hard work the Student Council put into it. The council also did their best to slacken the stringent tardy policy which had been put into effect this year. Because of their efforts the tardy policy rules were revised to make it more fair. This year the Student Council put forth their best efforts with some very impressive results.

THESPIANS

The International Thespian Society is a group of students who have talent of all kinds. All of the people accepted into this organization have some kind of special ability. The productions of this year included Night of January 16th, and a Spring musical, and an Advanced Theater Production. All three were successful productions, thanks to Ms. Gibson and Mr. Lentz, and all the students who helped out — on stage, and off. The International Thespian Society Float came in first place at Homecoming because of all the work that all the members put in. The President of the club is Dale Walter, Vice-President Judy Counts, Secretary Jenny Hammel, and Treasurer Andy Cardimen. The Advisor was Ms. Bev Gibson.

This year Adams High School started a new activity, the Equestrian Club. This group of girls took riding horses very seriously. Led by their advisor Mrs. Montgomery and assisted by Cherie Wedow, the team did surprisingly well for their first year. Their meets were held at Sugar Bush, Fox Gate and Stony Trace. Leading the team was sophomore Michelle Doane and her horse, Shaloams Shariif. Contributing Seniors were Brenda Burke, Michelle Hastilow, Debbie Patchett and Jodi Mackley. Overall, the team placed third. Good job, girls!!

SPANISH CLUB

The Spanish Club kept very busy this year. They spent $180 to sponsor a little girl in Mexico at Christmas and on her birthday the club sent her gifts. The club also supported Ms. Safatexs, an exchange teacher from Chile. They sent money to the Amily Exchange Program that made Ms. Safate's visit here possible.

To finance these costly projects, the Spanish Club sold bagels during the 10 minute breaks and sold Socking Stuffers from Mexico at Christmas time. The club in cooperation with the other language clubs also sponsered the Valentine's dance.

The club met on Wednesday evenings and was headed by President; Kim Bordine; Vice-President, Lynn Sperkoski; and Treasurer, Dolly Robinson. Mrs. Shober Sponsored the club again this year. The clubs aim was to enhance the Spanish program, which they certainly did! Muy Bein Amigos!

FRENCH CLUB

Kick off your shoes and do the can-can because it is time for French Club!

The club had lots of participation this year with fifty five members making it one of the largest organizations in the school. The club took part in building a homecoming float and over Christmas vacation went caroling at Crittenton Hospital. They also threw a Christmas party, had a spring fashion-show, to get the flavor of Paris, held a farewell to seniors dinner, and sponsored dances. Besides all of that the club began the all new French Club Scholarship Fund to award an outstanding senior member.

The best thing about the French Club was that it was not necessary to speak French to be a member. Terry Herman was this years president and Mrs. Lentz returned to sponsor the French Club for yet another year.

The French Club enjoyed a very productive and a fun filled year.

RUSSIAN CLUB

Being a member of the Russian Club not only included studying Russian Language and culture, but also having a great time! As in every other year, the Russian Club engaged in many extra-curriculur activities. In the fall they picked bushels and bushels (and bushels) of assorted apples, and they also went to see Rudolf Nureyv in the ballet Don Quixote, at the Masonic Temple. The club had a speaker from Oakland University come to Adams to present a slide show and they also attended a conference at Oakland University. They had a big celebration around Easter involved with a traditional event in Russia. Everyone in Russian Club learned a lot about the traditions of the Russian peoples, and had a good time in the process. The president was Jim Solari, Vice-President Karen Samarian, Secretary Justine Gross, and Treasurer Larry Neal. The advisor was Mr. Pazevic.

GERMAN CLUB

The German Klub once again sold their traditional Gummy Bears and Advent Calendars this year. They also participated in the Mai Fest, which is a huge Spring celebration including many different culturistic dances and customs. They practiced their folk dancing, and performed at Meadowbrook Mall, for Senior Citizens, and in elementary schools, around Rochester. They went to Central University and the Oakland Language Fest. The President of the club was Larry Neal, Vice-Presidents Kris Gooch and Darlene Riley, Secretary Todd Toussaint, and Treasurer Karl Kassmann. The advisor was Mrs. Snow.

Yearbook brings a little bit of excitement to Tennessee.

The 1983 Highlander Staff was a dedicated bunch. They strived over layouts, typed hundreds of copy sheets, and struggled to meet tough deadlines. All in all, they worked their little tails off to produce this book your looking at right now.

Field trips this year included a Yearbook Seminar at Mercy College in Detroit, (buy a yearbook or we'll shoot this dog!) and an out-of-state excursion to the wonderful state of Tennessee to see where our book is made, (Fugi's lives on.)

The yearbook staff was led by Editor-in-chief Karla Wierzbicki; Managing Editor Justine Gross; Business Editor Jeff Keels; and Photo Editor Dave Koch. Commander Dave Berube once again led this fearless bunch through the dark and helped us produce one of the most memorable yearbooks this school has ever had.

NEWSPAPER

The main objective of "Under the Kilt", the school newspaper, was to publicize happenings in and around the school, and the things that affect the school. The school journalists were constantly busy getting the "scoop" for "Under the Kilt". Under the supervision of Mrs. Mastovich the staff worked together to get the paper out on time with quality writing. Also, besides the newspaper, the "Under the Kilt" staff put out the popular "Men o Adams" calendar. Editor-in-Chief this year was Sherri Fedak. Other supporting Cast: Michele McNickle, Jim Solari, Katherine Galvin, Rick Wood, Lisa Madden, Dave Kazen and Leslie Cherne each directed their own departments from News to Sports. The Kilt gave us a way to keep on top of the happenings at Adams. Congratulations go to all of its staff for a great effort throughout the year.

— MUSICAL — GREASE . . .

Yes, 'Grease' was the word that you heard! Once again, the Adams Musical was a terrific success. A tremendous team of over 150 cast, crew and band members took part in the fantastic show. Did you know that the Annual Musical is the biggest single event of the entire school year at A.H.S.; larger than all sports and clubs?

The talented principal characters were: Joe (Danny Zuko) Glaser; Kerri (Sandy Drumbroski) Woodcox; Dale (Kenickie) Walter; Judy (Rizzo) Counts; Jill (Frenchy) Johnson; Nancie (Jan) Torner; Linda (Marty) Konoval; Mark (Vince) Cobb; Mary (Cha-Cha) Schenherr; Hope (Patty) Joyce; Jay (Doody) Hohauser; Steve (Sonny) Cooper; Bob (Roger) Cooper; and Andy (Eugene) Henry.

Of course, nothing could have been accomplished without the hard working crew, such as Stage Manager Marlene Michaud, Associate Stage Managers Brandt Rosenbusch and Joel Marshal, Production Manager Sue Bronder, Business Heads Sue Bronder and Jan Grabowski, and Make-up Heads Dianne Barkeley, Kris Reynolds and Mary Lynch. Costumes were organized by Andrea Bronzo and Meghan Brady, Props by Jenny Hammel and Stacey Donahue.

With all this talent, and with the spirit and camaraderie created by every single person involved, it's no wonder the show went so well.

FACULTY

BOARD OF EDUCATION

Most students don't even realize how very important the members on the Board of Education are to our school system. Everything that goes on in Adams High School and in every other school in Rochester somehow relates to the Board of Education. Every sport event, candy sale, school dance, and assembly must go through the Board of Education before it goes into action. Dr. Crandall is the Superintendent of Schools, and is in charge of the meetings on every first and third Monday of each month. Junior Steve Collin was the School Board Representative, and he attended every Board Meeting. He had the job of keeping students informed of the educational decisions discussed at these meetings.

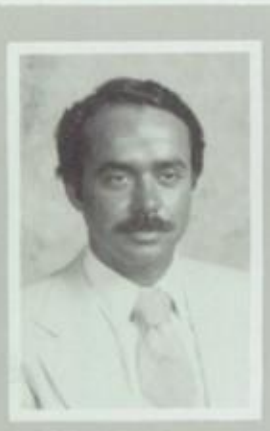
ADMINISTRATION



Mr. Binder

Dr. Freeman

Sometimes students are intimidated by our school administrators. Just because they are, in fact, "THE BOSSES," there is no reason for students to be afraid of them. Sure, administrators can yell at students for being late to class, or for causing trouble in the halls, but they are basically human and willing to compromise in most cases. Many students don't realize that the Administrators are around for the purpose of keeping things in line, and trying to help the students to mature and learn in the process. Without them, where would we be? Basically, they are just nice guys!

COUNSELORS

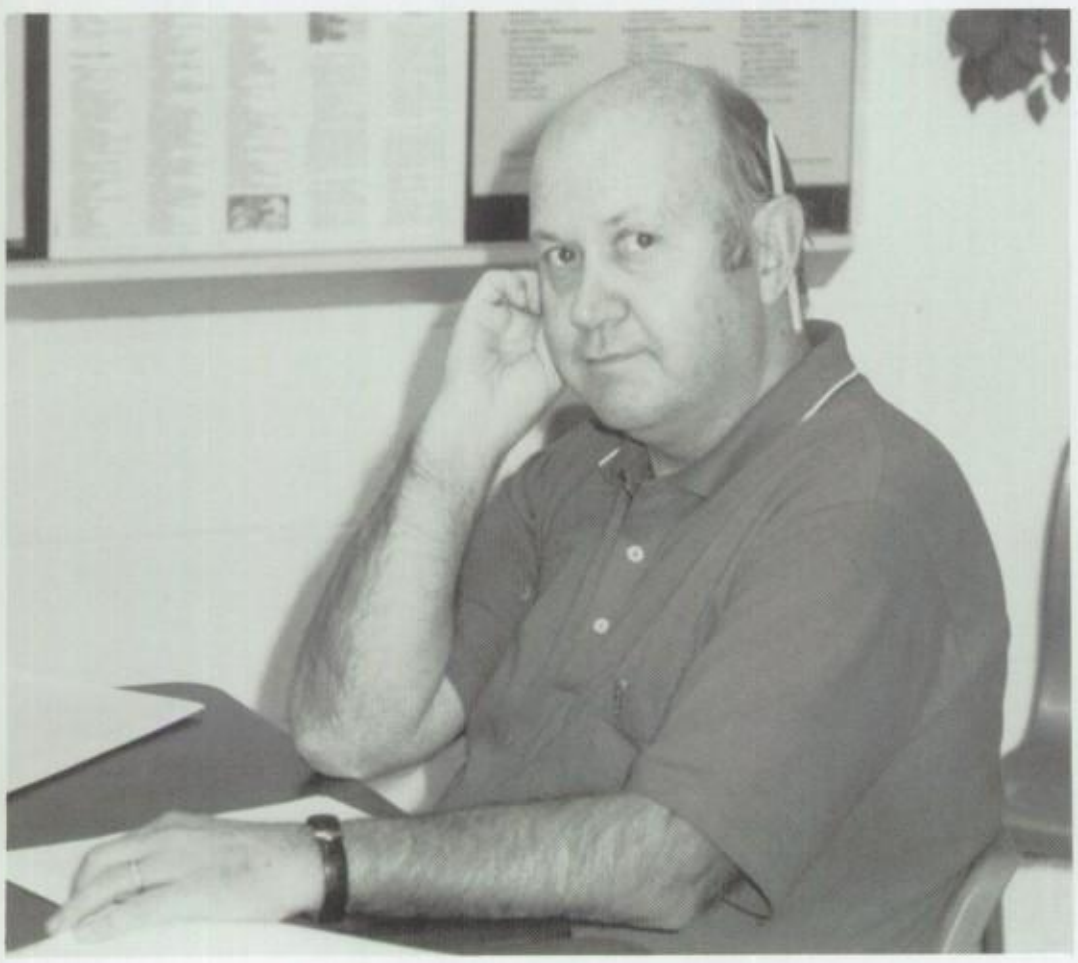
Mr. Kemp

Mrs. Ryan

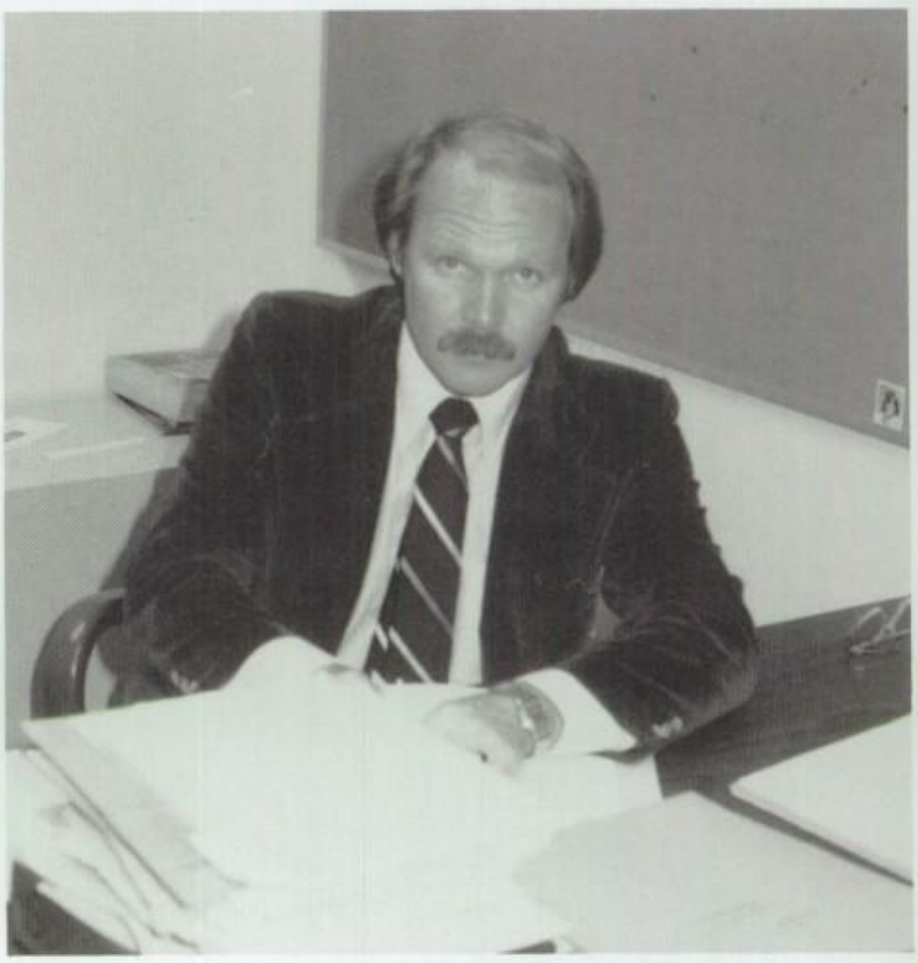
Mr. Parks

Mrs. Reidinger

Mrs. Leopold



"Can you hold a pencil like this?"



Our school social worker, Mr. Dave Busch.

People helping people is what Adams' counseling is all about. Our counselors are a select group of people, who have worked with us on a one-to-one basis or sometimes as a group. Their main objective was to solve our problems or find alternatives to them.

The staff could be considered extremely special because each counselor has been with us since the school's opening, fourteen years ago. What have they been doing for all of these years? They've been scheduling students, helping us with our college plans, testing, and figuring grade point averages.

If you haven't already, you will soon realize how valuable our counselors are to us.

Whether you were looking for a quiet place to cram, or you needed to find out what osmosis is, the library was the place to go.

The library was run by Mrs. Lyons and Dr. Hull. It was stocked full of books, magazines, and many other forms of information which we all needed at one time or another. But, if you needed something in the audio-visual department, you could always count on the trusty Mrs. Sharp to get you your projector, VCR, or whatever you wanted.

On the same line of gathering information, the CRC was always there to help us get facts on colleges, scholarships, jobs and the armed services. Mrs. Leopold ran the CRC while Mrs. Bourdon came in part time to help students find after school jobs in her job placement center.

ENGLISH

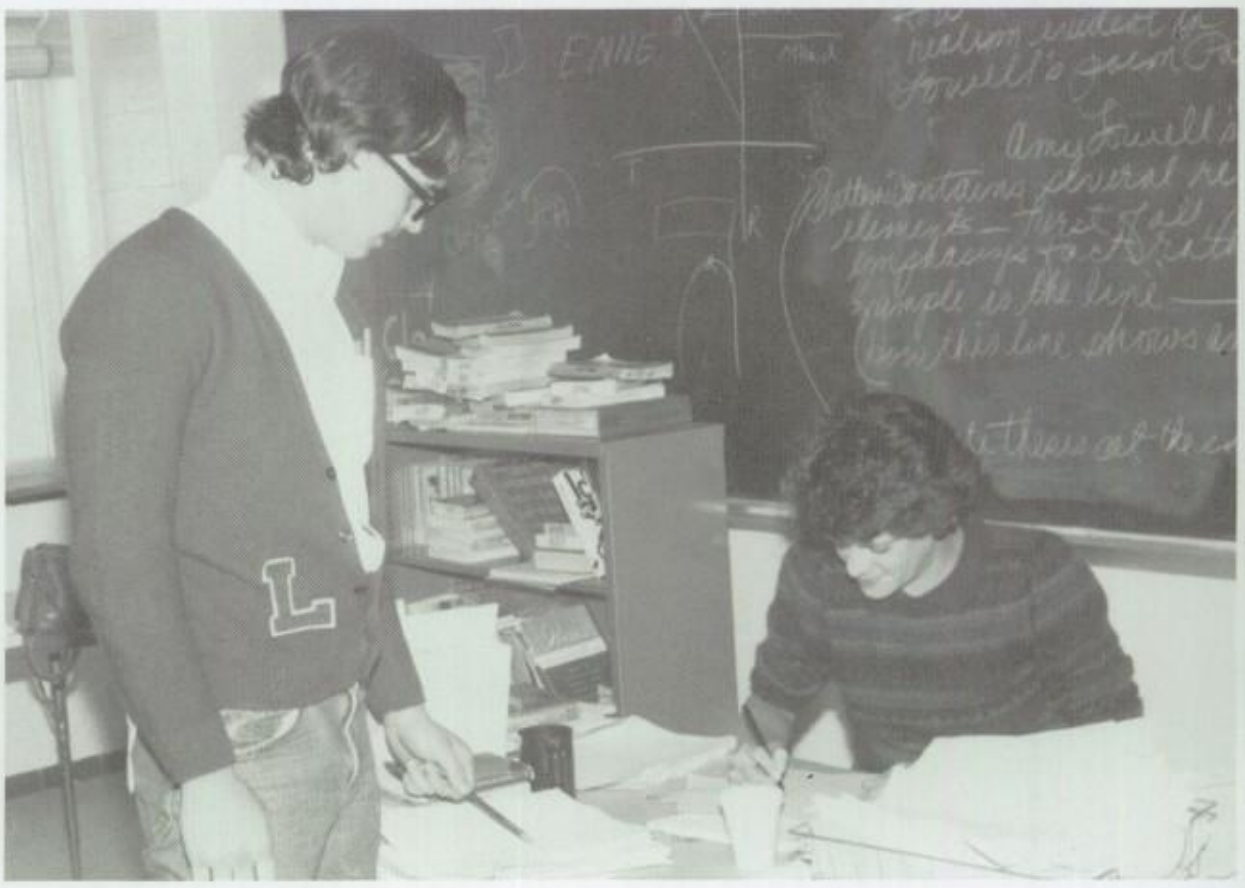
Mrs. Hartman

Mrs. Kuiper smiling for the camera.



Mrs. Erkilla on one of her rare sane days.

Every year someone winds up responsible for covering the English department and finds themselves unhappy. For when everyone reads their copy, errors become quite evident.

Unfortunately, students have never fully realized the real importance that english — of every sort — plays in our social and academic lives. If one really thinks back on all the agony one suffers, the impromptus and the specific sentence structures, we probably believe we will never again have any real use for all of it. Not so. The importance increases every school year, and so on, whether or not we will admit it.

The English Department deserves a 'pat on the back' for being so efficient, thorough, and helpful to all of us; to say the least.

Mr. Guirrerri educates his class.

The math classes at Adams were among the most challenging courses offered. Calculus was the most advanced class offered and only a select few could handle the work involved.

Besides the regular math classes, a variety of alternative classes were offered including Computer Math and Business Math.

Our staff at Adams has made this subject, which some of us dislike, a little easier to do. No matter what we do for a living, some form of Math will be needed. Thanks to them, we'll be able to handle it.

Mr. Gibson smirks at his students

This year the Science Department got creative. Some of this years highlights included genetics, which involved breeding fruitflies and dissecting larva. Besides this, Mr. Short's class literally climbed the walls, on their way to the school roof. And of course there were the invigorating field trips in which the wilderness suvival and conservation classes participated.

This year we added a newcomer to the science department to replace Mrs. Rex. The new teacher is Ms. Allen and we hope she enjoyed her first year teaching at Adams enough to stay!

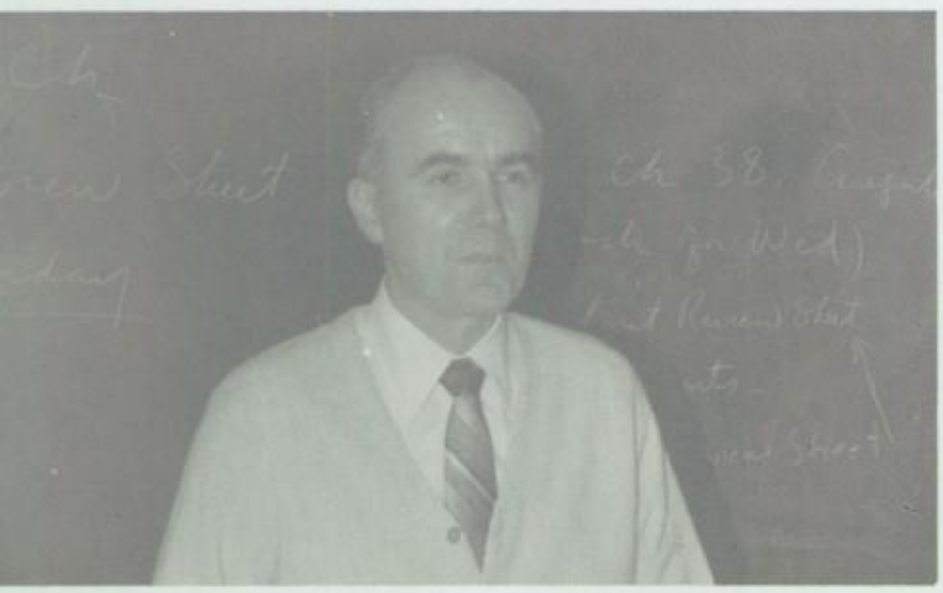
It takes a lot to put up with 150 little minds everyday. (Mr. Ryan)



Enthusiastic as ever! (Mr. Gierke)

Mr. Riley, do you have a pass to go to your locker?

What's your problem?

The best place to find the answer was in one of the psychology courses taught by Mr. Ryan and Mr. Gierke. Psychology was the most popular of the social studies courses.

There was a number of activities in which the social studies department was involved. The biggest event was the government 'convention', a yearly event for the government classes. Much preparation went into it, and students learned first hand about how politics work.

Since social studies is a study of the social being, it is an extreamly broad field. The social studies department at Adam dealt with a variety of subjects, from past history; current and future happenings; how to deal with others; to how to deal with ourselves.

FOREIGN LANGUAGE

Mr. Pasevic

Mrs. Snow

Mrs. Nash

Mrs. Abel

For those students who have either mastered English or given up on it, foreign language is for them.

Language tought at Adams are: French, Spanish, German, and Russian. Students not only learn the foreign language of their choice, but the country's history and culture. They also get the opportunity to sample a variety of ethnic dishes.

The knowledge of another language is not only helpful in visiting another country, but for many other things as well. Many colleges give scholarships to students who are competent in a foreign language, and many more are now requesting that students take a language.

Learning a foreign language is a lot of hard work, but most people who have taken it will agree that it was well worth it.

"He really did!!"

"Queso!"

MUSIC

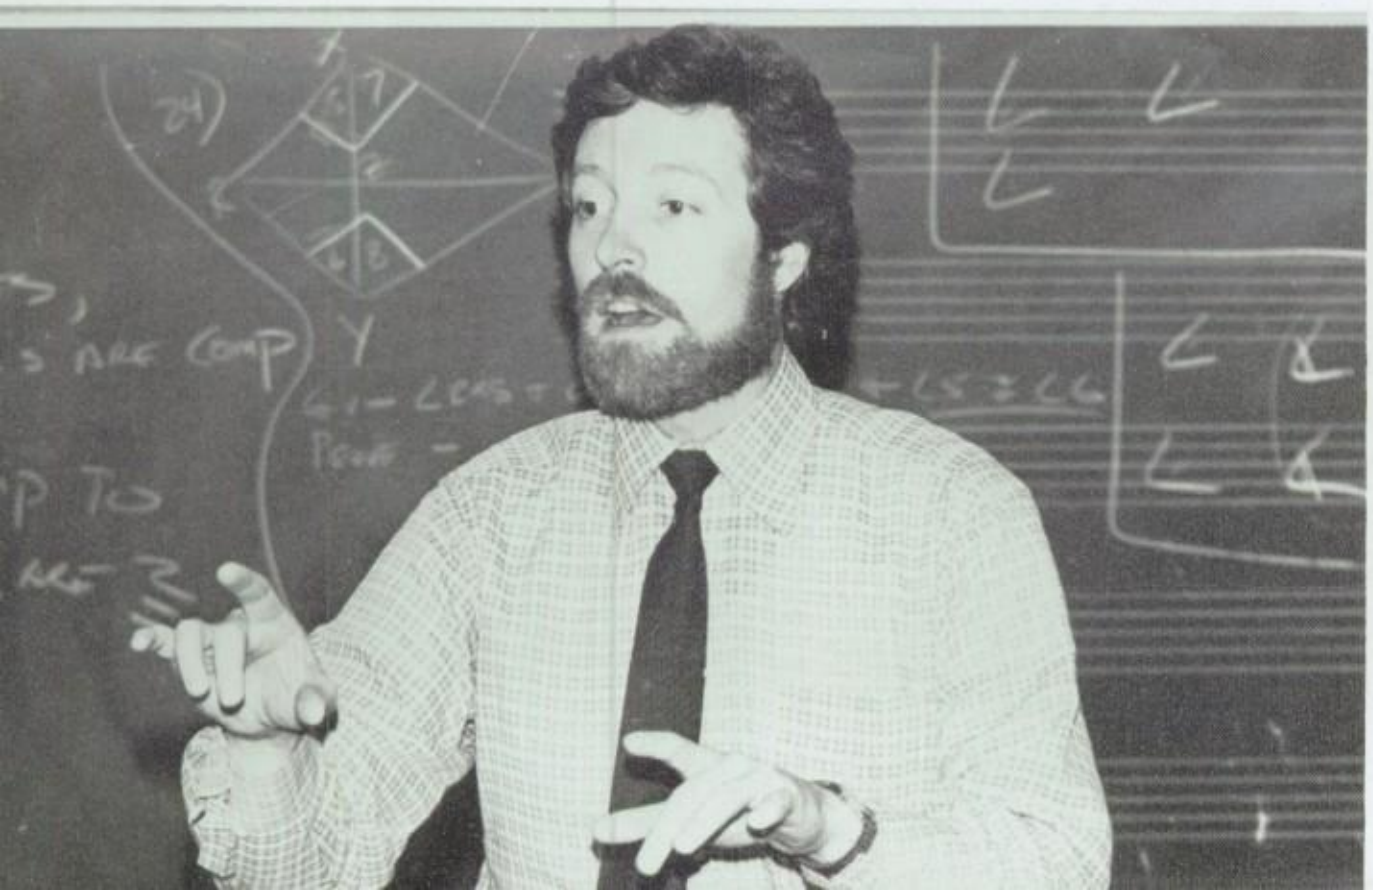
The Adams Concert Choir.

During the course of the year, the school had the all-to-rare opportunities of experiencing the glorious sounds created by the choir directed by Mr. Lentz. This year the choir was the largest it had ever been. Apparently many students discovered how relaxing and gratifying it was to devote an hour of their day to vocal music.

The band department had its fill of melodic sounds this year. Directed by Mr. Walters classes offered to students with instrumental ability were: Wind Ensemble, Concert Band, Jazz Band, Symphony Band, and for those willing to get up early Marching Band. Each student took their own talent and ability to perform together as a group in each of the various bands at Adams.



PHYSICAL EDUCATION

Mr. Zelmanski

Ms. Craven

Mrs. Sicora watches over her class.

Courses in Physical Education proved again to be some of the most popular classes offered at Adams. Whether you relax and tone up doing aerobics or get a good work out in a basketball game, gym is a great program. Courses were intended to teach the students the value of teamwork and individual performance. You learned about participation while improving your personal ability. Our returning staff consisted of Miss Craven, Mrs. Sicora, Mr. Seman and Mr. Zelmanski.

Give me 50 push ups!" (Mr. Seman)

ART DEPARTMENT

Mrs. Montgomery

Mrs. Jensen

Painting is fun!

The art room crew.

You gotta have art!! The art department flourished this year with new talent in every field of visual arts. Mrs. Montgomery, better known as Munch to the art crowd, held the annual smoke out and taught her ceramic classes the fine art of Racu. Mrs. Jensen continued her everlasting battle to work her way into the professional field of photography. Classes this year ranged from basic design to advanced photo and graphic arts. Creative Students this year put together porfolios and individual pieces and entered Scholastics Awards Contest bringing back many hard earned awards. Keep those createive juices flowing!!!

Most definitely!!!

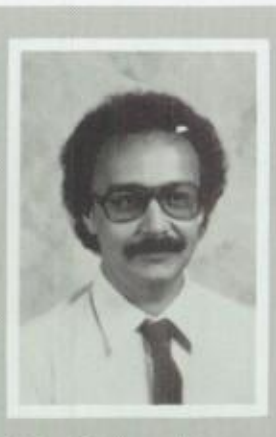
BUSINESS

Mr. Leonard

Mr. Rosenburg

Mrs. Schmitz

Mrs. Swoyer



Mr. Tignanelli

"What are you talkin 'bout"

Mr. Leonard praises Lizette Blok for her fine typing.

The business department is split up into three major areas. Accounting and typing are courses offered in the "office" division. The "distributive" division included retail merchandising among other courses, and school store was offered as part of the "general business" department.

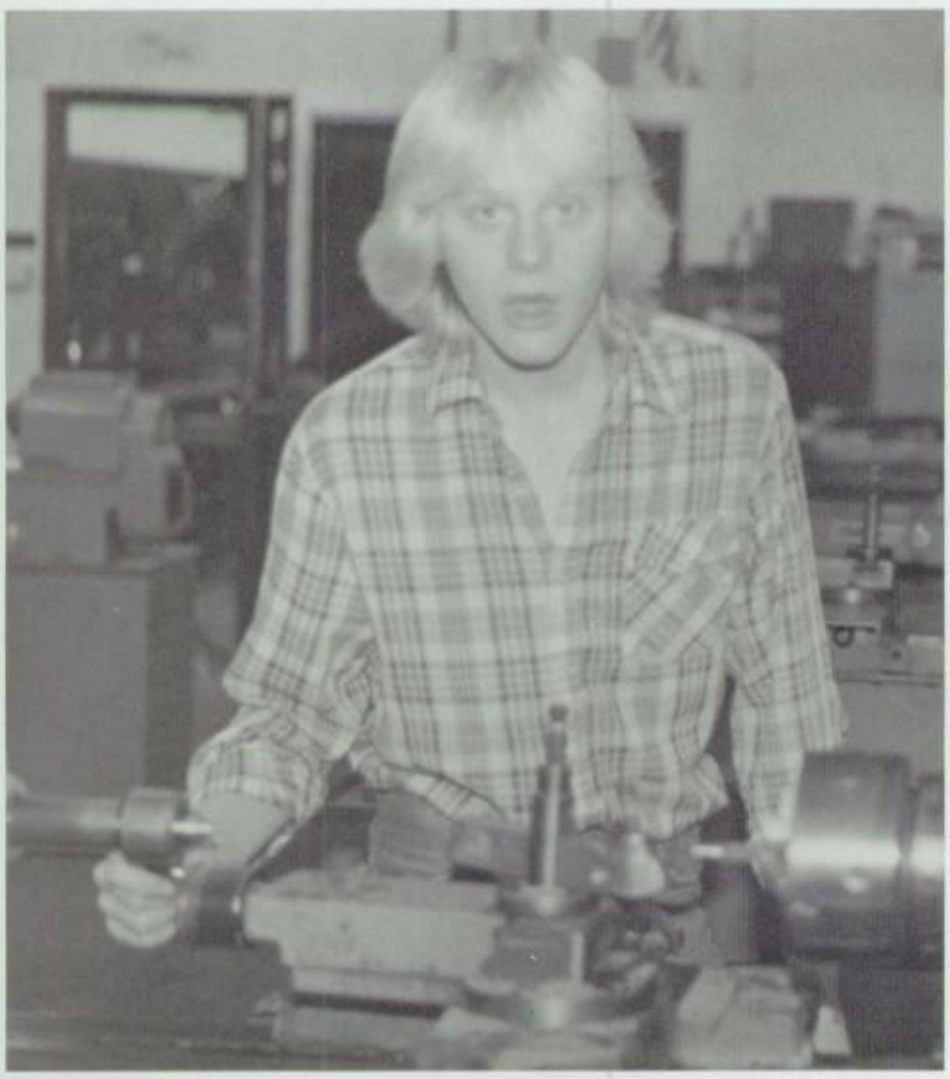
Adam's fine business staff consisting of Mr. Rosenberg, Mr. Tiganelli, Mrs. Smitz, and Mrs. Swoyer returned for yet another year. The most popular of the business courses was Fashion and Sales. Students, besides learning to coordinate colors and the fundamentals of fashion merchandising also put on their own fashion show. They not only coordinated the show, but modeled in too. Besides rolling alot of fun, business classes also required alot of work, but most students would agree that it was well worth it.

"But why can't I balance my checkbook?"

INDUSTRIAL ARTS

Mr. Orchard

Mr. Schmidt



Mike, (or is it Ed,) Switek?

See what we made!

Jim Martin works hard on his projects.

The heavy machinery used in industrial education makes this department one of the loudest in the building. Industrial education is divided into three areas: drafting, metals, wood and electronics. Returning for another year were Mr. Orchard, Mr. Schmidt and Mr. Rosenthal.

The department's intention is to teach students the fundamental skills necessary to use machinery properly. Students also learn to make many different types of projects which will help them a great deal in the future if they decide to go into fields requiring manual labor.

The most popular course was electronics because it is a fast growing field. The newest course was Robotics class growing in popularity and a field that is growing even faster.

WORK STUDY

Mr. Battestilli

Work Study is a program designed to allow students to work in a job of their choice while acquiring credit applicable for graduation. It is a great opportunity for students to get experience in the competitive job market.

A student must have permission from his parents prior to enrollment in the work study program and then be approved by coordinator, Mr. Battestilli. This group of students are energetic and hard working. Much admiration and credit is given to them for their skills and attempts.

NEOVEC

Would you trust Mike Riddle with your car?

"God, I need a coke!" (Glenn Herbert)

The Northeast Oakland Vocational Educational Center, better known as "NEOVEC", is an alternative educational program for highschool students and has been quite successful for the past years. The program is designed for those students who wish to learn trade skills intended for future careers. In this way, students can begin their careers directly after highschool rather than waiting. Mr. Kemp is in charge of recruiting and placing students; usually Sophomores and Juniors because most of the NEOVEC courses run for 2 years. The courses offered are auto-body repair and machanics, food services, computer accounting, and cosmotology.

Who were all those helpful ladies with the cheerful voices who were always more than happy to aid anyone in need, they were the secretaries.

This year we had some changes in the office. Mrs. Borck who worked in the main office last year moved to the counseling office this year to replace Mrs. Fensch. Mrs. Boyd switched from reassignment clerk to issuing tardy passes. As usual our mothers came well acquainted with Mrs. Peters voice. She and all of the Adams secretaries helped keep this school year organized.

SPECIAL SERVICES

The friendly smile of Mr. Swift

Special Services is a title given to a group of teachers who teach courses that go far beyond academics. In these classes students learn how to cope with the problems that many of us keep inside. The hope of these teachers is that the student body begin to understand what they are trying to accomplish. No grades are given in these classes because how a student rates on a grading scale is not the important thing. It is the effort they put into work that counts. There is an unusual teacher-student bond that forms, helping to create an open atmosphere where problems can easily be solved. A terrific job is being done by these teachers!!

COOKS AND CUSTODIANS

"Could Adams be showing a little profit?"

"Yum, yum!" Thats what everybody said as they made their way through the lunch line, hungrily eyeing the scrumptious delicasies being served for the day. And who made these appetizing edibles for every lucky students' consumption? Why, none other than Adams lunch crew! This fine group was here every morning at 7:00 a.m. mixing up their most popular creations, one which they made their own variation of, the "Nacho." Each day sores of students would line up, drooling in anticipation, for these fabulous ethnic dishes. While the lunch crew was busily nourishing our bodies and satisfying our tastebuds, our custodians were industriously maintaining the sparkling polish of the school that so many people took for granted. Who kept us the standard for beauty and impreccable cleanliness that welcomed each and every student every day? Why, Glenn and friends, of course! If it hadn't been for the thorough job of these zealous crews coming to school might not be the joyous experience that it is.

HOME EC

"Barb keeps her eyes on the camera the whole time."

"McDonalds future cook?"

"Donna show a profile, happily!"

Who will be the students best prepared to face the world when the time comes to 'fly the coup'? Most likely, the homec students who have been given a headstart in mastering the happy art of home making. This extensive education included sewing and childcare courses, interior design and practical instructions in developing fine arts and budget balancing skills. Through these courses, students have learned how to live comfortably yet inexpensively, and to care for themselves when nobody else is around to do it for them. One of the more popular of the homeic classes has been 'Economic Survival', best known by the students' attempt to carry around an egg for a week without it breaking. This experience has been no doubt, of great benefit for students, and will help them no-end in the future. "Highland House' was also successful for accomplished cooking students and had a fine reputation for the delectable gourmet dishes enjoyed by both teachers and students. Most importantly students learn the basic skills needed to live on their own and gain the confidence through their own education to better prepare themselves for a healthier, happier future.

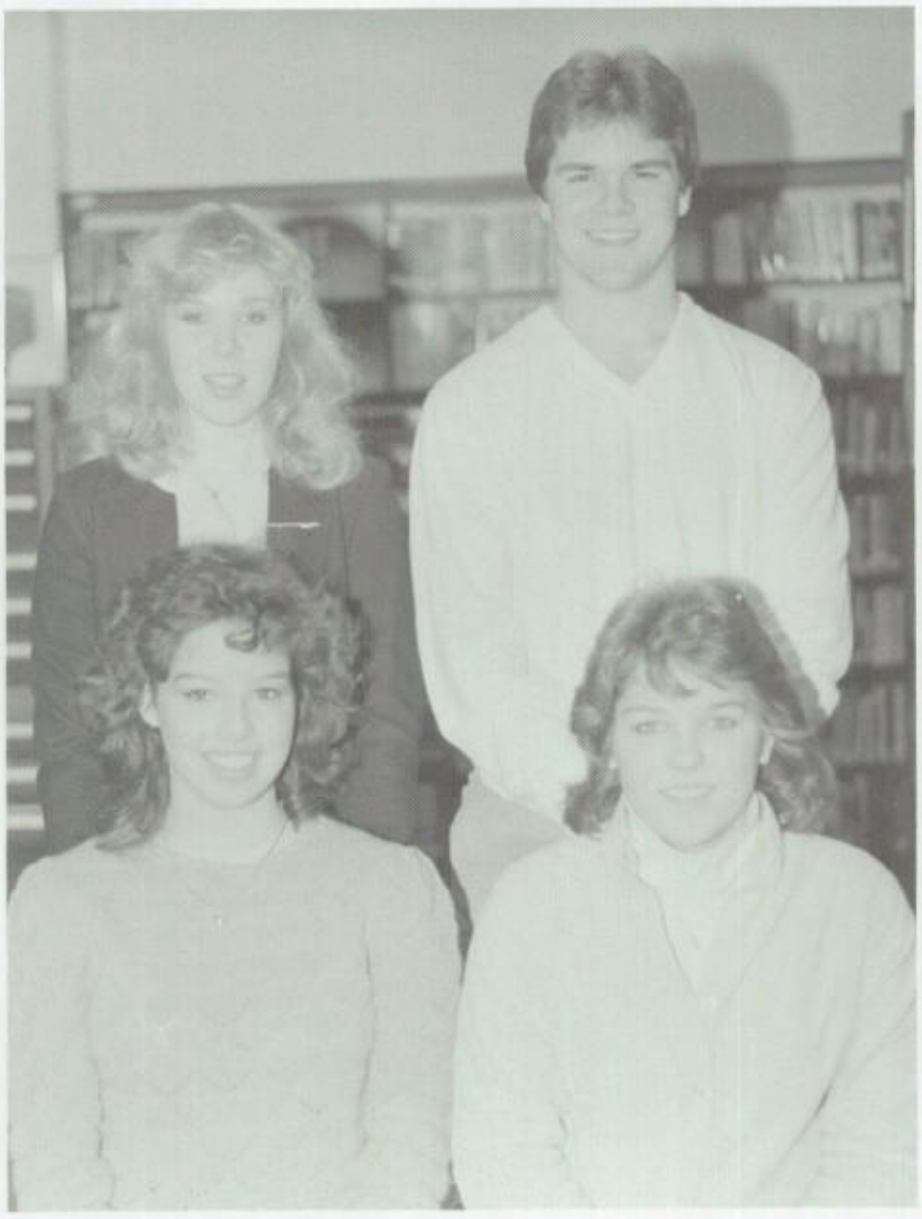
SENIORS



SENIORS! SENIORS! Throughout the entire school year we heard it at every assembly, "the class of 1983 will be the yardstick with which to measure all other classes in the future." Back in November this seemed like alot of hype. But now, as we leave the halls of Adam for good, we realize that its true. We've had the priviledge of making alot of firsts at Adams. Our parents worked hard to organize the first Senior All Night Party, which was a great success. The senior pictures that follow are in color for the first time ever. And we left our mark as the first graduating class to receive our diplomas in brown and gold gowns. Aside from all that, we were led by great officers: Lisa Wozniak, Barb Schweitzer, Kris Lynas and Mark Oliver. We have proven to have been one of the most spirited classes in the history of Adams.

Now as you look through the pages of this book, think back to all of your high school memories. Think of the staff that gave you the opportunity to learn, think of the friends that gave you the opportunity to laugh and smile. Remember when senioritis hit and the times you said, "I wish I was out of this place!" Well, now the time has come to shut the door on highschool life. Ten years from now, as you take this book off a dusty shelf, take the memories off that shelf in your mind and bring them back to life. Have a laugh, a smile, tell a story, think of an old friend. We worked hard as a class to show our spirit and ability. We have left our mark here at Adams. Now its time to go out and conquer the rest of the world.

Karen Samarian, valedictorian

Rochester Adams' top scholars this year were Karen Samarian, Mark Stuenkel, and Brian Pazevic, all of whom compiled a three year grade point average above 4.0.

Karen's future endeavors included going to Michigan State University in order to major in computer science and business.

Karen, whose three year grade point average was 4.07, said she had three very enjoyable and educational years at Adams. She added that this was largely due to the dedicated and helpful teachers here at Adams. Karen considered her teachers to be both instructors and friends. As she put it, "I have had many fond memories here at Adams. To all my teachers at Adams — Thanks a lot!"

The salutatorian honors this year were shared by Mark Stuenkel and Brian Pazevic, who both earned grade point averages over 4.0.

Mark planned to enter the field of engineering at the University of Michigan, while Brian planned to enroll at Albion College to major in chemistry with the ultimate goal of applying to medical school in hope of becoming a doctor. Both Brian and Mark agreed that their education here at Adams will help them in college and help them achieve their goals beyond the university level.

UNDERCLASSMEN

JUNIORS! JUNIORS!

The junior class of 1984 once again this year proved to be a very enthusiastic and determined group of students.

With the help of the junior class officers Joe Glaser, Diane Kaiser, Debbie Klepp, and Karen O'Connor. The juniors worked very hard on money making projects. Those of which included dances, bagel sales, and candy sales. They also sponsored many other popular events. Finally, the traditional B.G. Bowl which the junior squad salvaged a six all tie on the last play in regulation time. The touchdown was scored by Kim Gural.

For the junior class, homecoming was an event in itself. Participating in the cafeteria activities which took place during spirit week, the juniors excelled in the t.p. wrap, banana eating contest, pie eating contest, root beer chug, and the marshmallow eating contest. The class of 1984 took first with their skit, "The Nursery Rhyme Syndrome". When asked what the class of '84 is looking forward to next year, many replied, "more parties", and "easier classes."

SOPHOMORES! SOPHOMORES!

Those were not giant toads hopping through the halls, they were this years' sophomores!

Their Student Council members kept pretty busy this year taking part in such activities as sponsoring the Holloween dance, chocolate turkey sales for Thanksgiving and helping to plan the assemblies.

Class officers were: Tim Turrall — President, Andy Weng — Vice-president, Lori Borracio — Secretary, and Ted McKee Treasurer. Amy Mahnick and Beth Crowell were the sophomores' Student Council Representatives.

Besides leading their class to a second place position for class spirit during Homecoming week, the Student Council also planned a float and made signs to announce coming events. They also helped to plan such activities as a school ski trip and a local charity drive. Also this year's class president Tim Turrall went to Washington D.C. with some of the upper-class student council officers to learn more about how our government works.

The officers worked hard for their class this year and their efforts produced some fine results.

To bring order and relation into human surroundings is the task of the architect. To bring knowledge and new ideas into our society — is the task of the graduate. We hope you will discover your life's task early and fulfill all of your dreams.

Congratulations to all the graduates of 1983, especially to Kim Dziurman.

Robin, It's been fun hearing about your wild nights with J, J, and Shamu; and you taking "shots" *every day*. It's been great!! Good luck! Love, Gigi

Concerts — summer, Rip hall gang! Musical sounds, BFAL, Bets

Jed, many ounces met sucking vicks . . . Thanks for all the good times we've had together: homecoming, parties, dances. Finger please! Movie dates! Noodle fight! T for 4, hopping the pool fence, shamoo, tennis 5 times per day. Lookout Florida, B. Chase

Dear Tom, Tim, Brenda, Eric, Carrie, This year was the best. Good luck to all next year. Tom, Ichliebe dich. Love always, me

Katrina, what can I say but "I love you!" Jungle Bob lives! Hi Lyna! Hi Lee! Hi everybody else! Support your local sheriff's Department! Etc. — Bud Shanker

DeAnna: Mexico Rules! "Time out" Valiena, Dennys??! Watch that tongue!! Patti — But where is the fesces? "Like" you guys are a riot! Love ya, Karen

S.M.E. — Let's hear it for "Return of the Blues Brothers" in '83!! I hear it's a tough act to repeat! Congrats on your Wayne Scholarship, you deserve every penny of it!! (and moreso)

K.L.R. — "Oh well, who needs guys anyways?" This summer will rule, sis!! Thanx for everything, please let's stay in touch!!

J.D. & K.W. lost but J.S. & R.B. are the losers!

J.S. Thanks for everything! This year wouldn't of been the same without ya! Here's to local rock (BSA, Romantics, The Look)!! I'm not as perverted as you think! And, hey, we know who the *real* losers are! Take Care! Love, R.B.

Jerry, you're a real special friend, I miss you a lot. Thanx for putting up with all my nonsense. Good luck always, Luv ya lots, Silly

To the 1983 Highlander Staff: Good job everybody! I just want everyone to know that the good pages are mine, and JV Football is Robins. Queen of the brooms, Karla.

In Memoriam

Adams has lost Mr. Kemp, a relaxed, warm counselor who worked vigorously behind the scenes to promote the interests of his advisees. Mr. Kemp's values were conservative, traditional American ones, based on self-reliance and individual responsibility. His special interests were student athletics, especially basketball, vocational education and horses.

During his fourteen years at Adams, Mr Kemp touched the lives of thousands of students, offering them encouragement, support and the desire to grow as individuals. He will be sorely missed by his counselees, colleagues, and friends.

When you spend one year of your life working on a single publication it is very difficult to sum up your feelings in one paragraph. I could write a novel on the experiences that this book has brought to me and others on the staff. From the times that we laughed and cut each other down, to the times that we fought and walked off mad, and to the times that we worked together as a team to meet a deadline. Now, as I face our last deadline, I must take time out to thank those who deserve it.

With the help of Craine and Williams Studios, our photographers Dave and Demoltion Derek found out that alot of hard work went with the popcorn. They did a great job of capturing moments at AHS.

Our book was published by Jostens American Publishing Company. They sent us two great reps. Larry, who always walked in the door when I was ready to jump ship; and Allison, who seemed to solve all our problems over the phone with 500 miles between us.

Jeff took care of our ad section. We owe a great deal to all the parents and businesses who helped finance the book. Without them we would have ten pages of pictures stapled in the corner.

I want to thank the staff and apologize for all the times I acted like a dictator, it was for a good cause. Robin, Jerry, Lisa, Kerry, Michelle, Justine and Jon — You've all been great. (Jon, the '84 Highlander won't even compare to this book!)

Thanks go out to my mom and dad (& Kim) and my friends for the times I was so preoccupied with this book that I forgot who you were.

And the biggest thanks to the man that kept things under control, our advisor, Dave Berube. Without him we would have been running around the room like crazy people, which is just about what we did anyway. His knowledge and judgement kept this book out of the gutter. But if I hear C.Y.A. one more time, I'll die!!!

Now that all the thanks have gone out to those who helped to created this book, some must go out to you, the reader. You created the necessity for it. Without that we would have given up long ago.

I hope the 1983 Highlander brings you as many memories as it created for me. CHOW!!
